

WORLD'S STORY MAY SEND FATHER TO DEATH

A. M. MYSTERY BLACK HAND MURDER

Gotham in Gale Grip; 1500 Face Death at Sea

NEW YORK, Jan. 11.—A New York today with a gale, that once at hurricane velocity, buffeted the city with rain. Telephone poles, chimneys, signs, and windows were torn by the wind. Anna La Lanza, 65, was killed by a branch of a tree that fell on her. She was walking on the sidewalk. A few hundred feet away was a new automobile which had been backed over the curb as if the driver had made frantic efforts to turn around in the avenue. At the side of the body lay a .45-caliber automatic pistol. The man had been killed with an automatic of the same caliber. Seven shots had pierced his body.

The police believe the murderer is part of a vendetta in the Italian colony. The dead man evidently dressed in a suit, and the police are looking for a man of that description. The license plates on the new car at the scene of the shooting show it belonged to G. P. L. 12345. The people occupying that house declared no such man had ever lived there. An automobile was found with the license plates of the man's car, the address 138 South Avenue 21. At that address it was said that a man of similar description had been living there.

Although Rutherford had previously reported his wife as missing, the criminal act did not enter the case until today, when Mrs. L. E. Reeves, wife of Rutherford, as caretaker of his home, discovered charred bones while emptying ashes from one of the stoves.

The child, Violet, a foster daughter of the Rutherford family, was found in the kitchen, her body covered with blood. She was found in the kitchen, her body covered with blood. She was found in the kitchen, her body covered with blood.

He hit her with his fist. I was scared. I ran into the yard and when I came back again he told me mama had gone away, a long time and was not coming back. The little girl added, she never saw Mrs. Rutherford again.

Renewed efforts are being made in the search for Rutherford since he could not be located on a farm he is said to own in Southwest Washington, the authorities are expressing surprise that the man would leave his property and home here as well as his farm without leaving a trace unless governed by some strong motive.

BRANDS WITH IRON. "He cried when he did that," the child stated. Further questions brought out that the "scolding" occurred when Mrs. Rutherford was ironing in the kitchen. Her husband, according to Violet, entered and seized the hot iron, jammed it against the woman's arm.

THREATENED BY FATHER. The child, Violet, a foster daughter of the Rutherford family, was found in the kitchen, her body covered with blood. She was found in the kitchen, her body covered with blood.

BORE OF CONTENTION. The main bone of contention in the cabinet concerns the question of the advisability of the Premier appearing in the Chamber at a hurried session, where the text of the pact could not be discussed; the majority favors detailed discussion of the agreement.

Under the agreement reached after two sessions, Japanese agreed to withdraw their railroad troops within three months after the signing of a complete Shantung accord, if circumstances permitted. With regard to other troops, the Japanese undertake to begin the withdrawal immediately upon the signing of a similar agreement.

PREMIER BRIAND FACES BATTLE OF HIS CAREER.
Goes Before Hostile Parliament Bearing Anglo-French Pact; Victory Predicted.

PARIS, Jan. 11.—Premier Briand, bearing the text of the long-sought British alliance, will face the French Parliament tomorrow, which, although hostile tonight, may, nevertheless, in the opinion of many observers, give him a vote of confidence because it dare not refuse a concrete pact, owing to differences of opinion concerning some clauses and concessions.

Both Senate and Chamber party caucuses have sent messages of protest to M. Briand, and there is much talk of overthrowing the government, as had frequently been the case in the past years. Briand's supporters, however, expect him to win.

CABINET IN SESSION. The cabinet held three long sessions yesterday and today and Parliament makes no secret of the fact that the ministers disapprove of the Briand bargain and also that the cabinet is badly split. The fate of the French cabinet and also the future orientation of the foreign policy of France hangs on tomorrow's vote.

A dispatch sent to the Premier by the cabinet after its deliberations this morning, the text of which is well known, was responded to by M. Briand's return. He will meet with the cabinet in the morning.

When M. Briand goes before the Chamber in the afternoon, he will read his declaration and request a vote of confidence and approval of the Anglo-French pact will be decided at the cabinet council. The Premier, through M. Danielou, Undersecretary of State, has caused it to be known in the Chamber that he is personally desirous of bringing the agreement before the Chamber and thus make good his statement that "I would never conclude a treaty binding France without consulting the executive bodies."

Under the agreement reached after two sessions, Japanese agreed to withdraw their railroad troops within three months after the signing of a complete Shantung accord, if circumstances permitted. With regard to other troops, the Japanese undertake to begin the withdrawal immediately upon the signing of a similar agreement.

MISSING MAN Killed Wife, Burnt Body?
(BY A. P. NIGHT WIRE.)
TACOMA (Wash.) Jan. 11.—From the hesitating words of a frightened 6-year-old girl the police of Tacoma were tonight attempting to find new clues in the disappearance last October 4 of Mrs. John Rutherford, while other members of the police department were in Southwest Washington conducting what they reported by long-distance telephone to be a fruitless search for John Rutherford, the missing woman's husband.

Although Rutherford had previously reported his wife as missing, the criminal act did not enter the case until today, when Mrs. L. E. Reeves, wife of Rutherford, as caretaker of his home, discovered charred bones while emptying ashes from one of the stoves.

The child, Violet, a foster daughter of the Rutherford family, was found in the kitchen, her body covered with blood. She was found in the kitchen, her body covered with blood.

He hit her with his fist. I was scared. I ran into the yard and when I came back again he told me mama had gone away, a long time and was not coming back. The little girl added, she never saw Mrs. Rutherford again.

Renewed efforts are being made in the search for Rutherford since he could not be located on a farm he is said to own in Southwest Washington, the authorities are expressing surprise that the man would leave his property and home here as well as his farm without leaving a trace unless governed by some strong motive.

UNIDENTIFIED MAN DIES WITH FOURTEEN BULLET HOLES FOUND IN BODY
A fusillade aroused residents in the neighborhood around South Avenue 21 and Mozart street, last night, and a man's body with fourteen bullet holes in it was found lying on the sidewalk. A few hundred feet away was a new automobile which had been backed over the curb as if the driver had made frantic efforts to turn around in the avenue. At the side of the body lay a .45-caliber automatic pistol. The man had been killed with an automatic of the same caliber. Seven shots had pierced his body.

The police believe the murderer is part of a vendetta in the Italian colony. The dead man evidently dressed in a suit, and the police are looking for a man of that description. JAPS YIELD ON TROOPS.
Shantung Guard to Withdraw.

WASHINGTON, Jan. 11.—Brought together again through the efforts of Arthur J. Ballou and Secretary Hughes, Japanese and Chinese delegates today resumed their interrupted Shantung conversations and agreed on withdrawing Shantung guards from the Tientsin-Tientsin railroad and all other troops from the German beachhead. Withdrawal of the troops, however, is contingent on settlement of the entire Shantung controversy.

Under the agreement reached after two sessions, Japanese agreed to withdraw their railroad troops within three months after the signing of a complete Shantung accord, if circumstances permitted. With regard to other troops, the Japanese undertake to begin the withdrawal immediately upon the signing of a similar agreement.

WELL-KNOWN NATURE AUTHORESS DIES
CLEVELAND, Jan. 11.—Mrs. Suzanne Louise Patterson, well-known authoress of books on animals and birds, died at her home in Gary, Ind., today, according to advices reaching here tonight.

ACQUITTED OF 24-YEAR-OLD KILLING
EUREKA, Jan. 11.—Lagoon George, on trial here for the last ten days for the alleged murder of Jimmie Jones and a Klamath Indian, slain near here twenty-four years ago, was acquitted by a jury tonight after four hours of deliberation.

POOR JOHN D. PAYS OUT \$391,697.38
NEW YORK, Jan. 11.—John D. Rockefeller, Sr., became \$391,697.38 poorer today and Uncle Sam just that much richer for the world's richest man sent a check for that amount to cover the government's claim of balance due on Rockefeller's 1915 income tax.

IT NEVER RAINS BUT IT POURS
SANTA CRUZ, Jan. 11.—John Kelly, charged with attempting to rob a cafeteria here, found himself charged with two offenses when the police overtook him and captured him in his automobile. The car, according to the officers, contained liquor. It is the second offense for which he will be held to answer.

REVOLUTIONARY OUTBREAK IN MEXICO
NOGALLES (Ariz.) Jan. 11.—Revolutionary activities declared to be headed by Gen. Felix Diaz, nephew of the former Mexican President, are increasing in the States of Vera Cruz and Oaxaca, and the government is taking extraordinary measures to combat them, advices received here today stated. Many persons suspected of complicity in the new outbreak against the Obregon government have been arrested, reports said.

VISITS DYING WIFE; RETURNS TO CELL
OAKLAND, Jan. 11.—After a five-day visit at the bedside of his wife in a hospital here, William C. Grant returned to San Quentin prison today to continue serving his five-year term for complicity in the robbery of a bank at Silver Lake, Calif., in 1914.

SHOOT WIFE, KILLS DAUGHTER, SELF
MONTEREY, Jan. 11.—M. A. Duffey, an insurance man of this city and Santa Cruz, tonight shot and killed his 6-year-old daughter, shot and dangerously wounded his wife and then shot and killed himself. Mrs. Duffey is in a local hospital, where it was doubted if she would live until morning. The authorities said they believed the man was mentally unbalanced. Duffey recently returned here after spending several months in a sanatorium at Colfax.

REFUSE TO BURY MURDERED MAN
SEATTLE, Jan. 11.—A request that the body of Ferdinand Hochbrunn, wealthy real estate dealer, found dead here with a bullet wound in his head, December 31, be turned over to him for burial, was today denied Edward Keen Von Tobel, Hochbrunn's attorney, by Coroner W. H. Corson. The coroner was understood to have informed Von Tobel that Hochbrunn's body would be held in the morgue until Mrs. Clara Skarin Winhorn, missing ward of the estate, could be located.

PAROLED YOUTH AGAIN ARRESTED
Donald L. Eagles, aged 22 years, out on probation from San Quentin, according to the police, was arrested last night by Detective Sergeants Allen and Bartley at Fifth and Main streets on a charge of burglary. Eagles confessed, according to the detectives, to having broken into the home of Dr. C. L. Goulden at 1100 South St. Andrews Place yesterday afternoon and stealing five suits and an overcoat. According to the detectives, Eagles served one year of a five-year sentence in San Quentin for receiving stolen goods.

POLICE OFFICER'S HOME BURGLARIZED
While T. D. Robinson, motorcycle officer, was spinning along Sunset Boulevard late last night enforcing the law, burglars broke into his home at 945 West Kensington Drive and made preparations to "clean house." On returning home from duty, Robinson surprised the burglars, who made their escape. The officer heard the door slam, but did not see the intruders. Leaving Robinson's car and silverware on the parlor floor in neat piles, the burglars fled away with two flashlights and a revolver.

FOR BUILDING LAW
Council Plans Ordinance to Limit for New Structures

Of interest to all real estate stores and building contractors, the action taken yesterday by the City Council in instructing the Planning Commission to make a survey of conditions throughout the city preparatory to the adoption of a comprehensive ordinance which will establish the rules which builders must conform to in placing their structures on a line with existing structures and other buildings on the same lot.

WORKER IN LUMBER MILL ELECTROCUTED
Jesse Meadows, 23 years of age, living on West Third street, was instantly killed yesterday when he touched a steel wire on a line with existing structures and other buildings on the same lot.

TO HOLD FLASH PARTY
Swimmers will have a splash party at the beach tomorrow night.

AMERICA BEARS
BRUNT OF COST.St. Lawrence Waterway to
be Expensive.Recommendation Made by
Joint Commission.Will Take Eight Years to
Complete Project.

WASHINGTON, Jan. 11.—Two unexpected recommendations concerning the proposed St. Lawrence waterway are contained in the report of the international joint commission as submitted to Secretary of State Hughes, it was learned today.

The text of the report is being kept secret, but it has been authoritatively established that two big new features of the report are:

First, that the larger portion of the cost of the new Welland Canal as an integral part of the lake-to-the-ocean development scheme despite the fact the canal and locks are entirely in Canadian territory.

Second, that the United States shall bear the entire cost of deepening the St. Lawrence and building the Welland Canal, the proportions being based on the amount of commerce conducted between American and Canadian great lakes ports instead of a flat fifty-fifty basis.

WILL COST MILLIONS.

Until today it was believed the United States and Canada would vary on the development on an even basis. It is estimated that a

TAILORS KEEP OPEN SHOP.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) Jan. 11.—A style show, exhibiting the latest designs produced by Coast tailors, was the feature of today at the annual convention of the Pacific Coast Merchant Tailors' Association.

The coming season will show a marked trend away from the present type, small-shoulder designs in men's coats, toward easier lines and natural shoulders," said Sam O. Levy of Los Angeles, chairman of the executive committee of the association. "Trousers also will

break away from the tight effect to wider designs and straight lines. The long vent coat is out of style, and coats are slightly longer. The soft coat without half cloth or stiffening is one of the most important things in fine tailoring today. The keynote in styles for the well-dressed man in 1922 is conserving cloths."

The association late yesterday voted to maintain the open shop, with unchanged wage scales, and to establish an emergency fund available for any city where labor troubles arise.

thirty-foot channel, with locks to accommodate ships of that draft, would cost a total of \$270,000,000. The new Welland Canal will cost approximately \$120,000,000. It will take eight years to complete the project.

Representative Chalmers of Ohio, one of the majority members of the House Rivers and Harbors Committee, today introduced a bill to carry into effect many of the recommendations. Representative Dempsey of New York, chairman of the Rivers and Harbors Committee, as well as all the other New York members of the House, are understood to be opposed to the St. Lawrence project, believing that freight from the Great Lakes to the ocean should be carried through the New York State barge canal.

BILL IS EXPLAINED.

Mr. Chalmers in explaining the features of his bill and telling how it differs from the outstanding recommendation of the international joint commission's report, said:

"Instead of levying taxes on the citizens of the United States and the Dominion of Canada for the construction of the Great Lakes-St. Lawrence deep waterway and the Welland Canal, my bill provides that the entire expense be borne by a bond issue guaranteed by the two governments, which can be paid off by the returns from the sale of hydroelectric power, made available for commercial use by the improvement."

"In this particular, my bill differs radically from the report of the international joint commission which has been submitted to the State Department, and which recommends that the project be completed, but that the expense be borne through taxation by the two countries in proportion to the benefits to be received."

TO DIVIDE BENEFITS.

"My bill provides that the United States and the Dominion of Canada should go fifty-fifty on the expense of constructing the St. Lawrence waterway and the new Welland Canal, which will provide a thirty-foot channel from Lake Erie to the sea and make the Great Lakes region accessible to ocean-going boats. It also provides that the benefits to be derived in the way of hydroelectric power be evenly divided between the two countries."

"It follows the recommendations of the international joint commission in including the new Welland Canal as part of the project. Work

der to also restore Russia, it says with regard to safety of France from invasion, that Great Britain regards this as a matter of interest and therefore is prepared to undertake that, in the event of unprovoked German aggression against French soil, the British people will place their forces on the side of France.

DOUBLE GUARANTEE.

The memorandum adds that this will be a double guarantee, not only safeguarding France in the event of an attack, but making such an attack extremely improbable, "because Germany is wiser than in 1914, when she knew little of the resources of the British Commonwealth, and knowing that the British Empire will stand against French soil, the British people will not likely be tempted to keep alive dreams of revenge."

It is important to divert the German mind from such ambitions as well as to provide for the defeat of such ambitions should they materialize, says the memorandum.

The memorandum proceeds to point out two alternatives to achieve the desired results. The first is an offensive and defensive alliance, which the British Empire rules out because such alliances are contrary to British tradition.

The second alternative is a definite guarantee that the British Empire and France will stand together in the event of unprovoked aggression by Germany on French soil.

WORK TO PROCEED.

The situation in Paris, to which city the French Premier is speeding to meet the Council of the League of Nations, has a greater interest tonight in Supreme Council circles than the work of the council itself, but it is intended the council's work shall proceed as far as possible during Mr. Briand's absence.

The council will sit tomorrow at 11 a.m., with Lloyd George presiding, and M. Loucheur replacing Briand. In the meantime the German delegation is meeting in the German Legation, which has been asked for an answer to its previous demands for information regarding Germany's announcement that the January installment would not be paid.

CONFERENCE OUTLINE.

A subcommittee today adopted the general outline of the program for the Genoa conference. The program begins with the comprehensive word "peace" following the preamble, in which it is once again strongly emphasized that the complete tranquility of Europe is essential if the Genoa conference is to amount to anything.

Besides peace, the other subjects include financial conditions that impede the revival of trade; foreign credits and the economic situation generally; the tariff and restrictions of trade that have been practiced since the armistice; transportation and the international regulating of bills of lading.

The Italian delegation explains that its negotiations with Lloyd George regarding the proposed Franco-British pact have been confined to the request that any agreement of this sort be understood as not changing the relations of either party with a third party.

COLLECTION FOR BANK.

(BY CABLE AND ASSOCIATED PRESS.)

ROME, Jan. 11.—Minister of Commerce Belotti today authorized the Bank of Naples to allot 60,000,000 lire for the benefit of the New York branch of the Banca Italiana Di Sconto.

HARRIS & FRANK GREATER VALUE OVERCOATS—\$30

YOUTH SLAIN
FOR FAKE ROLL.Police Believe Flourishing of
Imitation Money Cause
of Murder.

(BY A. P. NIGHT WIRE.)

MONTREAL, Jan. 11.—Flourishing of a roll of imitation currency in a restaurant was believed by the Montreal police last night to have instigated the murder of Raoul Delorme, 24-year-old student, who was shot to death in a desolate spot in the suburbs Saturday morning.

Ten days ago Delorme took out \$25,000 worth of life insurance.

on this canal already has been started by the Canadian government on its own initiative. But the international joint commission has recommended and I am heartily in accord with it, that the new Welland Canal which connects Lake Erie and Lake Ontario, should be included in the project which contemplates connecting the Great Lakes with the Atlantic.

The bill also provides for a joint commission of six to supervise construction.

BRITAIN READY TO AID FRANCE.

(Continued from First Page.)

der to also restore Russia, it says with regard to safety of France from invasion, that Great Britain regards this as a matter of interest and therefore is prepared to undertake that, in the event of unprovoked German aggression against French soil, the British people will place their forces on the side of France.

SEE DANGER
TO TRANSPORT.

(Continued from First Page.)

the assistance of the Crook, and the Coast Guard cut off the ship from Eastport, Me., for the same purpose.

Dispatches from Washington reveal the anxiety of the War Department officials over the safety of the transport in the face of growing gales now sweeping across the stretches of the Western Atlantic in the direction of the Crook.

These officials fully realize the desperate nature of the race the leaking vessel is making against the approaching storm. Should conditions become very bad they expect Capt. Rappon will make an effort to reach the sheltering harbor of Portland, Me.

FEAR FOR SAFETY.

Fear for the safety of the vessel is heightened by the fact that she is forty years old and is fully loaded. She was built in Dumbarton, Scotland, in 1882 and formerly was the British steamship *Thames*. She is 4128 tons gross, 2705 tons net and 430 feet long. She has a forty-seven-foot beam and the depth of her hold is 26.5 feet.

As a transport the Crook has had an interesting career. She was first used for that purpose during the Spanish-American War. Recently she has been in transport service in the Pacific Ocean and was sold to private ownership but was returned to government operation because the purchasers lapsed in payments.

Besides her crew and a revolving door she has on board thirteen officers and 940 men from the Army of Occupation returning from Germany.

The number of soldier dead from the battlefields of France.

SNOW, SLEET IN NEW YORK.

hours at quarantine waiting for a ship to attempt to reach their pier.

The wind gauges of the weather bureau on top of the White House did not catch the full force of the gale because of the towering structures to the east, but a heavy snow and sleet fell in the city.

The fourth point enumerated was generally interpreted to mean that France reserves the right to physically enforce the terms of the Treaty of Versailles wherever that document accords such right.

DAVIS CALLS FOR KEEPING OF THE LAW

Retiring Governor Would Bar Violators; Councilmen Not for Enforcement.

(BY A. P. NIGHT WIRE.)

RICHMOND (Va.) Jan. 11.—Denouncing "hypocrites and law evaders," Gov. Davis, in his farewell message to the General Assembly today, proposed a constitutional amendment to bar from public office all persons who are "politically dishonest" and "personally dishonest."

The amendment would require each aspirant for public office to swear that he had not violated the prohibition laws since enactment of the Eighteenth Amendment and that he would not break those laws in the future.

CHICAGO, Jan. 11.—The Chicago City Council today, by a vote of 52 to 4, passed a resolution condemning the Volstead Act and calling upon Congress to repeal it.

This was the second action against prohibition taken by the Council in two weeks, an earlier resolution calling for the amendment of the prohibition laws to provide for beer and light wines.

FORD'S PLAN IS COLOSSAL.

(Continued from First Page.)

water now going to waste could be utilized.

Eventually, in Mr. Ford's opinion, the government could derive enough revenue from these power projects to support itself, thereby revolutionizing the financial system of the country.

Mr. Ford's program includes definite steps toward development of water power in every part of the country. The manufacturer does not believe it practicable to carry power for long distances and therefore has planned to plan to provide each district with its own project.

Representatives of Edsel Ford and the Ford Motor Company will bid \$2,000,000 for the property of the Lincoln Motor Company at the auction set for February 4. It was stated at the Ford Motor Company offices today.

If the Ford company obtains the property a new Lincoln Motor company will be organized, it was said, and the Ford interests will begin manufacture of a higher priced car than has been its custom in the past.

More than 30,000 shares of the Lincoln Motor Company changed hands on the Detroit Stock Exchange today, following announcement. The stock, quoted at less than \$3 a share and the top price recorded was \$5, a block of fifty shares being sold at that price. The close was at \$4.75.

It was said, was largely the covering of shorts.

BIG BONDS ANNOUNCED.

(BY A. P. NIGHT WIRE.)

HOLYOKE (Mass.) Jan. 11.—The Farr Alpaca Company announced today a distribution of approximately \$250,000 as a bonus to its 2000 employees. This is an annual distribution.

BRIAND FACES
BATTLE TODAY.

(Continued from First Page.)

council, but who is still in Washington, may be called on to express his opinion.

M. Poincare's refusal to take an active part in the campaign against the Briand Cabinet, has reinforced the confidence of the Briand adherents, but all agree that the discussion in the Chamber tomorrow is likely to prove epochal in French foreign policy, as the friends and foes of an alliance with Great Britain on the one hand and the supporters of the French policy of Great Britain on the other are directly engaged.

The message was an embodiment of a resolution adopted unanimously by twenty-five Senators. It followed a telegram from the commission on finances of the Chamber of Deputies reminding Premier Briand that he had obligated himself to the Parliament not to consent to further sacrifices.

POINCARÉ'S MESSAGE.

M. Poincaré's telegram declared that the general sentiment of the Senate called for the following general declarations:

(1.) The economic and financial reconstruction of France is essential to the reconstruction of Europe.

(2.) The reparations due France should not be changed. There must be no reduction or modification of the previous schedule of May 9, and Belgian priority should not be touched.

(3.) France cannot accept the proposition to attend the forthcoming Genoa conference unless she is given definite and effective assurances that her rights will be respected.

(4.) The Franco-British pact should above all confirm the guarantees and the securities France now holds under the peace treaty, or will hold under future accords.

The fourth point enumerated was generally interpreted to mean that France reserves the right to physically enforce the terms of the Treaty of Versailles wherever that document accords such right.

DAVIS CALLS FOR KEEPING OF THE LAW

Retiring Governor Would Bar Violators; Councilmen Not for Enforcement.

(BY A. P. NIGHT WIRE.)

RICHMOND (Va.) Jan. 11.—Denouncing "hypocrites and law evaders," Gov. Davis, in his farewell message to the General Assembly today, proposed a constitutional amendment to bar from public office all persons who are "politically dishonest" and "personally dishonest."

THE WORLD'S NEWS
IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tiene el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

NOTAS TELEGRAFICAS

Nuevo Servicio de Vapores en el Golfo de México.

VERA CRUZ, enero 11.—El día quince de este mes, constatará el nuevo servicio de la línea de vapores entre Galveston, Vera Cruz y Tampico, siendo las embarcaciones de la "Great Steamship Line" y harán el viaje quincenalmente, el que se aumentará si las condiciones de carga lo exigen así.

NUOVA YORK, enero 11.—El huracán más fuerte que ha habido en Nueva York, se sintió hoy. Una niña murió instantáneamente a resultados de una cornada que de una casa fue arrancada por el viento y cayó sobre la criatura. Infinidad de accidentes se han registrado en las calles de la ciudad.

El Estado Libre de Irlanda.

DUBLIN, enero 11.—El Sr. Arthur Griffith, nuevo Presidente del Dail Eireann, y su gabinete, tomaron posesión de los puestos a que fueron electos últimamente. Se asegura que se tomarán todas las precauciones en los trabajos que se lleven a cabo durante el presente mes, para no interrumpir los tratados que se están estudiando para conseguir la ratificación del pacto, por el cual, el Estado Libre de Irlanda será posible.

La Situación en Guadalajara.

CIUDAD DE MEXICO, enero 11.—El Sr. Arcebispo Orozco de Guadalajara declaró que México atraviesa por una crisis muy seria debido a la falta de dinero. El país está importando artículos que debía producir, dice el prelado, el oro está saliendo de México, y están contrayendo deudas en el extranjero. La poca confianza de por parte de los labradores está haciendo que los capitales permanezcan ocultos.

El Sr. Gral. Calles Trabajará en Favor de la Ley Seca en México.

CIUDAD DE MEXICO, enero 11.—El Sr. Plutarco Elías Calles, que hace pocos días asumió su puesto de Secretario de Gobierno, dice que hará todo lo que esté de su parte para que el Presidente, Sr. Obregón, por medio del Departamento de Salubridad Pública, haga que se dé una ley prohibiendo la venta de toda clase de bebidas.

Elecciones en la Cámara de Comercio de la Ciudad.

El Sr. Capitán John D. Frederick, fue elegido Presidente de la Cámara de Comercio de esta ciudad ayer. W. T. Bishop, primer Vice-Presidente, y J. W. Bishop, segundo Vice-Presidente, y Sylvester L. Weaver, Tesorero. El Sr. Weaver, al hacer entrega de la presidencia, dijo que se agitarán con todo empeño los trabajos para el manejo de las aguas del río Colorado, y agregó que se estarán en la presa de San Juan, en Colorado y Nueva México.

El Proceso de Burch.

El Ministerio Público y los defensores en el crimen de J. Bolton Kennedy, convinieron en violentar el juicio para que pronto quede concluido este asunto. En de esperarse que de hoy a mañana se sepa la decisión de los señores jurados.

TEATROS.

Anna Pavlova.

Ya era tiempo, ya se hacía sentir la necesidad de algo nuevo, de algo realmente artístico, y como resultado a nuestros justificados deseos, Anna Pavlova nos visitará la semana entrante. ¿Qué podría decir, que sirviera de elogio a esta incomparable artista de fama mundial, que ha tenido el don de hacernos sentir una y mil veces la intensidad de su divino arte? Nada, todo sería poco, el mejor elogio que de ella puede hacerse, es el pronunciar su nombre. Al Al Filharmonie Auditorium, le toca el honor de presentar a esta eminente artista, a la cabeza de su Ballet Ruso, al público de Los Angeles, la correspondiente el ir a deleitarse con los bailes rusos, polacos, galícos, españoles y mexicanos que trae en su repertorio esta compañía.

Madame Butterfly.

La ópera de Puccini, con cuyo nombre empezamos estas líneas, fue la escogida para la segunda función de abono en el teatro del Auditorium anoche. Tamaki Miura cantó la parte de Cio-Cio-San de una manera muy aceptable, habiéndole sido muy fácil el conquistarse las simpatías del público que la escuchaba, desde el momento en que apareció en el palco escénico, por esa su manera fácil, expresiva y atrayente que le es característica en todas las óperas que canta. No pecaría de exagerado al decir, que Tamaki Miura, ha interpretado y cantado anoche, la mejor Butterfly que habíamos oído en esta ciudad. Pinkerton, Giuseppe Agostini, estuvo a gran altura. El resto de la compañía cumplió. Ernesto Knoch, maestro director de orquesta, demostró que puede y sabe, pero, desgraciadamente, las orquestas de ópera no pueden ser improvisadas.

DEPORTES.

Boxeo.

Georges Carpentier, el campeón de Francia, tendrá esta noche un match con George Cook, en Londres. Los franceses, son de opinión, que si Carpentier no gana en seis rounds, esto indica que el ídolo de París, ha perdido mucha de su habilidad como boxeador.

Golfo.

Jock Hutchison, campeón de Inglaterra, y Jim Barnes, campeón de los Estados Unidos de América, tuvieron un juego en los campos del Club de Wiltshire de esta ciudad ayer.

Baseball.

Durante la sesión que los directores de la Liga de la Costa del Pacífico, tendrán en San Francisco mañana, el programa de los juegos para la estación de 1922 será arreglado.

a direct passenger and express-freight service between
Los Angeles, San Francisco and New York
Via Panama Canal and Havana

The de luxe passenger sailings heretofore operated by the Pacific Mail Steamship Company between San Francisco, Los Angeles (San Pedro) and Baltimore are now being operated between San Francisco, Los Angeles (San Pedro) and New York. Pier 33, Atlantic Terminal, Brooklyn, will be the Eastern terminus of this unsurpassed coast-to-coast transportation service. Pier 33 is reached by Hamilton Ave. Ferry from the foot of Broadway. This has been revived a service begun nearly three-quarters of a century ago by the Pacific Mail—a service which then carried the Argonauts to the gold fields of California.

The "Ecuador," which will sail January 30 from Los Angeles for New York (from San Francisco January 28), will be followed at intervals of eighteen days by her sister ships "Colombia," "Venezuela" and the new "Santa Ana." This fleet of modern American steamers, every one built for comfort and specially designed for the Tropics, gives to travelers and shippers the most complete service in the history of intercoastal transportation.

A Cruise That Soothes and Rests and Delights

A trip to New York on one of these 14,000 displacement ton Pacific Mail liners is a cruise that soothes and delights. Broad decks, cool lounges, luxurious social halls, large, well-ventilated staterooms, make every minute of the month at sea a satisfaction. Staterooms are single and two-bed, en suite or de luxe. No upper berths. In every room an electric fan and for each bed an electric reading light. The Pacific Mail's experience of over 74 years in operating passenger vessels insures cuisine that surpasses your expectations.

From a Pacific Mail liner you have ample time for sight-seeing visits ashore at the historic and picturesque ports of Manzanillo, Mexico; San Jose de Guatemala; Acajutla and La Libertad, Salvador; Balboa and Cristobal, Canal Zone; Havana, the "Paris of the West." Baltimore and Norfolk are domestic ports of call between Los Angeles and New York.

Fares, First Class, \$270 and \$300. 'Cheaper Than Staying at Home for Most People (Steerage \$100)

MAY PREDICT EARTHQUAKES.

Government Scientist Makes Discoveries.

Studies Flow of Lava from Hawaiian Volcanoes.

Party Faces Death Every Day for Whole Month.

(BY THE ASSOCIATED PRESS.)
HILLO (Island of Hawaii, T. H.) Dec. 15.—Discovery of a distinct tidal movement, referable to the action of the sun and moon, in the entire lava column, crags, islands, lake banks and shelves within the encircling crater of the fire pit of Kilauea Volcano on this island, from which a system may be evolved, whereby earthquakes and volcanic eruptions might be predicted considerably in advance, has just been announced here by Prof. Thomas A. Jaggar, government volcanologist stationed at Kilauea.

MANY OBSERVATIONS.
The tidal movements have been demonstrated by 27,000 observations to occur daily and semidaily, analogous to those of the sea. The movement ranges from one to four feet every day. It naturally is more pronounced in the liquid lava melt than in the stiffer magma and the movements of both have been reduced to terms of regularity from the irregular pulsations caused by gas pressure with which they are merged in the complicated volcanic mechanism that actuates the entire lava column, Prof. Jaggar said.

During certain configurations of the sun and moon these tides should pile up into greater crises, possible of prediction in advance as that warning might be issued of danger arising from the eruption, he said.

DANGEROUS EXPERIMENTS.
The story of the methods employed in obtaining the 27,000 observations also was related by Prof. Jaggar. He and several volunteer assistants spent thirty-one days and nights of extreme danger within the great active throat of the volcano during time of intense activity, enormous gas pressure and frequent overflowing of the lava lakes.

The band pitched a tent upon the hardened lava on the bank of one of the lakes and installed their transit and other instruments for taking frequent measurements of the movements of the fire lakes.

"It was pretty warm down there," Prof. Jaggar said. "Time after time the tent poles caught fire from the intense heat in the cracks of the floor. We did all our own cooking and boiled our water in red-hot flaming crevices. We took observations every twenty minutes, day and night, throughout the month, often under very difficult circumstances. We had to contend with heat, gas, smoke, fumes and earthquakes, rising and subsidence of the bank upon which we stood and, worst of all, the frequent overflowing of the lava lake that more than once nearly cost us our lives."

POSTPONE MEETING OF SHIP CONFERENCE.
DELAY OF ONE DAY NECESSARY, SAY ADMIRALS FROM SAN FRANCISCO.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Jan. 11.—The meeting date of the conference of Chamber of Commerce representatives on a proposed \$30,000,000 shipping pool for the Pacific Coast has been changed from the 19th inst. to the 20th inst., because of inability of one of the committee members to reach here on the 19th inst. The San Francisco Chamber of Commerce announced today.

Advices received here today gave the following committee lists from three cities: San Diego, John D. Sprackels, G. Aubrey Davidson, Frank J. Belcher, Jr., Julius Waggenheim, Carl H. Heilbron and President W. R. Gove to the San Diego Chamber of Commerce.

Tacoma, William Jones, Chester Thorne, John S. Baker and J. T. S. Lyle.
Los Angeles, John D. Fredericks, Harry Chandler, H. M. Robinson, Marius D. Brandt, Maynard McFie and President Sylvester L. Weaver of the Los Angeles Chamber of Commerce.

The San Francisco committee will be composed of Robert Dolar, Paul Shoup, K. R. Kingsbury, Herbert Fleischacker, William H. Crocker and President Wallace M. Alexander of the Chamber of Commerce.

The Oakland committee is Joseph H. King, Harrison S. Robinson, O. H. Fischer, C. P. Howard and A. J. Mount.

ACHES AND PAINS—SLOAN'S GETS 'EM!

AVOID the misery of tacking pain. Sloan's gets right down to the aching spot and relieves your pain and you wonder why you did not use Sloan's first. Have a bottle of Sloan's Liniment handy and apply when you first feel pain.

Use freely and don't rub, as it penetrates and you will be surprised to find how quickly it eases the pain and sends a feeling of warmth through the aching part.

Fine, too, for rheumatism, neuralgia, sciatica, sprains, aches, pains, overworked muscles, lame back.

For forty years Sloan's has been the standard as a liniment in thousands of families. Ask your neighbor.

At all drug stores—35c, 70c, \$1.40.

Sloan's Liniment

Clear Your Complexion of pimples, skin and facial blemishes. Use freely Dr. Hobson's Eczema Ointment. Good for eczema, itching skin, and other ailments. One of Dr. Hobson's Family Remedies.

Dr. Hobson's Eczema Ointment

Uric Acid Solvent

85 cent Bottle FREE (32 Doses)

Just because you start the day worried and tired, stiff legs and arms and muscles, an aching head, burning and itching down pain in the back—born out before the day begins—do not think you have to stay in that condition.

Get well! Be free from stiff joints, sore muscles, rheumatic pains, aching back, kidney or bladder troubles. Start NOW.

If you suffer from bladder weakness with burning, aching pains, or if you are in and out of bed half a dozen times at night, you will appreciate the rest, comfort and strength this treatment gives.

We will give you for your own use one 85-cent bottle (32 doses) FREE to convince you The Williams Treatment conquers kidney and bladder troubles, Rheumatism and all other ailments, no matter how chronic or stubborn, when caused by excessive uric acid.

Send this outline with your letter to The Dr. D. A. Williams Co., Dept. V-2488, P. O. Box, East Hampton, Conn. Please send ten cents to help pay part cost of postage, packing, etc. We will mail to you by Parcel Post, delivery paid, a regular 85-cent bottle of The Williams Treatment (32 Doses), without obligation or expense. Only one bottle to the same address or family. Established 1852.—Advertisement.

NUXATED IRON

Over 4,000,000 people are using Nuxated Iron. It will not before the teeth or disturb the stomach. A few doses will often commence to enrich your blood and revitalize your worn out, exhausted nerves. Your money will be refunded by the manufacturers if you do not obtain satisfactory results. Beware of substitutes. Always insist on having genuine Nuxated Iron. Look for the letters N. I. on every tablet. At all druggists in tablet form.

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and do so effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound, mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.—Advertisement.

TOURISTS

May Find that Many of the Eastern Made Creams Do Not Agree With Their Skin in California.

The Key to Beauty creams, as fragrant, powders and rouges are manufactured by Anna M. Bergeron, who has for twenty years made a scientific study of the skin and the bad effect of the climate and water on the skin, and they positively will not encourage the growth of hair.

So great has the demand for these beauty aids become that it has been necessary to place them in all the leading stores. Young's Market, Main Store and Broadway Bros., Pasadena.

By sending twenty-five cents in coin or stamps to her office, 1321 Hans Bldg., you will receive liberal samples and price list. Mail orders promptly filled.

Madame Bergeron is the only beauty specialist who treats the skin exclusively, removing every blemish that mars the beauty of the complexion, including superfluous moles and birthmarks, with the electric needle.

Her system is approved by leading doctors and among her patrons are the best and oldest families of California. Phone 12937 for appointments.—Advertisement.

NEWBERRY VOTE NOW DOUBTFUL.

Result May Hinge on One or Two Men.

Republican Whip Confident of Result.

But Opposition Hopes to Unseat Senator.

(SPECIAL DISPATCH.)
WASHINGTON, Jan. 11.—When the fight to oust Senator Truman H. Newberry of Michigan ready for a showdown in the Senate tomorrow, the outcome today grew more doubtful than ever, so doubtful in fact, that it may hinge upon one or two votes.

Senator Curtis of Kansas, Republican whip, after a careful survey of the situation, declared that Mr. Newberry would win the right to retain his seat by three to five votes.

Opposition leaders likewise were prophesying victory. They were counting at least ten Republicans of the reservation and allied with thirty-five Democrats against Mr. Newberry. The ten Republicans so classified were Borah, La Follette, Ladd, Norris, Kenyon, Capper, Norbeck, Willis, Jones of Washington and Rutherford of West Virginia. Several other Republicans such as Fitzgerald of Washington and Pepper, the new Senator from Pennsylvania, were considered "doubtful." Upon the decision of the "doubtful" the result may hinge.

MAY DELAY VOTE.
It is not absolutely certain that a vote will be reached tomorrow. Debate appears to be about exhausted, but when Senator Spencer of Missouri, leader of the pro-Newberry forces, tried to get unanimous consent to vote tomorrow afternoon at 4 o'clock, Democratic Senators promptly rejected the proposal. They did not want to be bound to vote at a particular time. Indications are that the final roll call will come tomorrow afternoon without agreement.

The motion to commit the whole case for further consideration did not make much headway today. Republican insurgents did not take kindly to the suggestion which came from Democratic sources. They want a straight vote on the question, they declared.

SUBSTITUTE OFFERED.
Senator Walsh of Montana, Democrat, introduced a substitute resolution today declaring neither Newberry nor his opponent, Henry Ford, elected. It is expected that the opposition will make its stand on this substitute. By placing the resolution in such form, the Democrats can deny the charge that in opposing Newberry they were seeking to seat Henry Ford.

The Newberry forces suffered a setback just at the close of today's session when Senator Jones of Washington, Republican, definitely announced his opposition to Newberry. Senator Jones's declaration aroused considerable interest in view of the fact that he is one of the few Senators who have a public life who supported Senator Lorimer of Illinois. His speech was expected to have influence on the vote of Senator Fitzgerald of Washington, listed as "doubtful."

Senator Jones declared that the Newberry case could not be made out of the American people and condemn you for your action.

HEAD STUFFED BY CATARRH? USE A HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by many catarrh or a cold, apply a little pure, antiseptic, germ destroying cream destroying cream into your nostrils. It penetrates through air passages, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.

OWNERLESS BEER THROWN AWAY.

Dry Agents Four Liquid In- to Gutter; No Heals as Assigns.

(BY A. P. NIGHT WIRE.)
PROVIDENCE (R. I.) Jan. 11.—Federal prohibition enforcement agents poured 3550 gallons of beer into the Providence River here yesterday. The beer arrived on a steamship in 1918. Before delivery could be made the consignee died, leaving neither heirs nor assigns, and after standing guard over the shipment for three years the government ordered it destroyed.

a party issue, and that it was folly to endeavor to intimidate Senators by telling them the dire consequences which might follow their action at the polls next fall.

HITS EXPENDITURES.
"It is conceded," he continued, "that \$195,000 was spent in Newberry's behalf. It is not certain that it was not over \$250,000. This must shock every man who believes in and reveres our form of government. Believing that such practices, if permitted to continue, will destroy the very pillars of our government, I cannot vote to permit Mr. Newberry to retain his seat."

The attacks upon Senator Newberry began early and continued all day, with hardly a word said in his behalf. Senator Norris of Nebraska, Republican, accused the Senate with an ironic speech, in which he pictured the 1918 election in Michigan as a public sale in Michigan. "and the property offered for sale was a seat in the Senate. The bidding was in the open, and the seat was knocked down to the highest bidder. Everybody in Michigan had an opportunity to get in and bid. Why, then, all this fuss? The question before the Senate is merely this: Shall the sale be confirmed? The price was adequate. In fact, it seems to me that the price paid was more than the thing was worth. Why, then, should Senators hesitate to confirm the sale?"

SHOULD CONFIRM SALE.
"It is said it will establish a precedent by which poor men will be prevented from running for the Senate. Suppose it does. What business has a poor man here any how? They say further it will establish a precedent by which Senate seats will be sold like seats on the Board of Trade. What of it? If a poor man hasn't the ante to place in this kind of a poker game, let him go into the back alley and play craps. If he can run for the Senate he can run for that ancient and honorable office, constable or justice of the peace."

"If we do not confirm this sale in Michigan the first thing we know we will have a lot of poor men in the Senate. We will have a lot of farmers here; farmers with long whiskers, whiskers that will put in the shade the foliage that adorns the face of our illustrious leader—Mr. Lodge."

"If you confirm his title to the seat," Senator Underwood said, "you confirm the action of his committee in making these enormous expenditures. If you do this we as the minority party are entitled to carry the issue to the American people and condemn you for your action."

CUCUMBER ODOR TO NEW YORK WATER.

(BY A. P. DAY WIRE.)
NEW YORK, Jan. 11.—New Yorkers addicted to the water drinking habit were still complaining today of a cucumber odor clinging to the fluid. Water department officials who have traced the peculiar taste to the grunts, a microscopic organism which imparts an oily flavor to water, report that they have killed the "bug," which has appeared in large numbers in the Kensico reservoir, but explained that they have not yet been able satisfactorily to remove the oil which it contains. Authorities are agreed, however, that it is not injurious to health.

MISSOURI BANK CLOSED.

(BY A. P. DAY WIRE.)
ST. LOUIS, Jan. 11.—The People's Bank of St. Louis was ordered closed by J. G. Hughes, State finance director, according to word received here today. The bank is capitalized at \$10,000, with a surplus of \$15,000.

Oregon Player Enacted Hero Role in Hawaii

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Jan. 11.—Rutherford Brown, right end of the University of Oregon football team, which returned today from his Christmas trip to Honolulu, did some heroic rescue work at Waikiki Beach in addition to playing football, according to Miss E. Lampert of Marysville, Cal., who said Brown saved her from drowning.

Miss Lampert said that while seeking to learn the art of riding a surf board she lost her balance some distance out from shore and toppled into the water, but was brought to the beach in safety by Brown.

MANY SEEK PERMITS IN FOREIGN SCHOOLS.

CALIFORNIA DEPARTMENT OF EDUCATION HAS RECEIVED 300 APPLICATIONS.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, Jan. 11.—The State Department of Education has received 300 applications for permits to teach in the foreign language schools of the State, a number of which have been denied, since the foreign language school law became effective, June 30, 1921, it was announced today by Sam H. Cohn, assistant superintendent of public instruction in charge of statistics and foreign language schools.

To date, the provisions of the act have been liberally construed, but after June 1, 1925, no permit will be granted to any person who cannot prove his ability to read, write and speak English as well as being conversant with American history and institutions, said a statement issued by Cohn. Textbooks have been submitted by Chinese and Japanese and much matter which is not acceptable and must be omitted in the teaching, has been discovered, according to the statement.

PROVISION FOR AIR MAIL ELIMINATED.

POSTOFFICE BILL CARRIES LESS THAN ASKED BY BUDGET BUREAU.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 11.—With provisions for the air mail service eliminated the annual postoffice bill, carrying approximately \$64,000,000, was favorably reported today by the House Appropriations Committee.

As drafted by a subcommittee, the measure provided \$1,185,000 for the air mail service during the fiscal year beginning next July 1. The full committee, however, in approving the bill, struck out this section.

The total carried in the measure is \$24,767,976 less than the appropriations for the current fiscal year and \$24,785,691 less than the amount requested by the budget bureau.

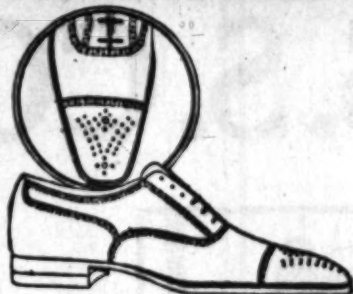

In explaining elimination of the air mail service item, Chairman Madden said that opposition developed among members of the committee to the appropriation on the ground that transportation of mails by air had proven expensive and not particularly efficient. In the current fiscal year a total of \$1,425,000 was appropriated for the air mail service, the only route now in operation being that between New York and San Francisco.

TWO FOUND SLAIN; SUSPECT IS HUNTED.

(BY A. P. NIGHT WIRE.)
DURANGO (Colo.) Jan. 11.—The bodies of Clay Carpenter and Frank Atkins of Matador, Tex., were found in an arroyo south of here today by a searching party looking for strayed cattle. Both men had been shot to death. As a result of the find the authorities are looking for Price Clements, also of Matador, who is known to have been with the men, and who is missing.

SANTA ANA LICENSES.

(SPECIAL DISPATCH.)
SANTA ANA, Jan. 11.—Marriage licenses here: Gabriel Chavira, 23, Buena Park and Louisa Gonzalez, 16, Buena Park; Edgar A. Reed, 45, Los Angeles and Ina Blankenship, 30, Hyde Park; Jose Chavez, 29, Fullerton and Jesusa Gomez, 30, Fullerton; Val Capper, 25, Los Angeles and Dorothy Brown, 11, Los Angeles; Roscoe W. RESIGNATIONS ARE ACCEPTED BY COURT.

(BY A. P. NIGHT WIRE.)
BOSTON, Jan. 11.—The resignations of Herbert W. Eustace and Paul Harvey as trustees of the Christian Science Publishing Society were accepted by Judge Crosby of the Supreme Court today. He announced that the question of appointing new trustees would be considered later. At a conference of counsel for the directors of the First Church of Christ, Scientist, with the court, it was agreed that a hearing should begin tomorrow on the allowance of the trustees' accounts.

MINERS ARE HUNGRY IN OHIO, IS REPORT.

(BY A. P. NIGHT WIRE.)
POMEROY (O.) Jan. 11.—Reports reaching here today are that the families of more than 200 miners are facing starvation in the Dark Hollow district at Forest Run, a mining town. The district is attributed, according to reports to the lack of work in the coal mines which have been shut down for some time.

RUM RUNNERS USE SUBMARINE, REPORT.

(BY A. P. NIGHT WIRE.)
SEATTLE, Jan. 11.—Reports that a submarine, built here years ago, and later turned over to the Canadian government by which it was ultimately sold for junk, has brought large shipments of liquor into Seattle from British Columbia ports were being investigated by Federal authorities here today. According to information reaching officials, the submarine has been seen on several occasions in Puget Sound waters. The liquor, it was charged was landed at a point near Seattle and transported here by automobiles. It was also charged the submarine had made at least one trip to Columbia River and California ports.

VANCOUVER (B. C.) Jan. 11.—The two submarines purchased in Seattle in 1914 for the Canadian government are not now on the Pacific Coast, according to authorities here. They were sent to

Halifax, N. S., some time ago. The cruiser Rainbow of the Canadian naval fleet, which was stationed on the Pacific Coast during the war, was sold for junk two years ago to a Seattle firm.

COMMUNITY PLAYERS.

(LOCAL CORRESPONDENCE.)
WHITTIER, Jan. 11.—"Mrs. Temple's Telegram," has been selected by the Whittier Community Players for their first production, to be given some time in March. Two plays are to be given this year, by the new organization of which Mr. Kenneth Carter is the director. There was a large attendance at the community meeting held in the Chamber of Commerce rooms last evening and much lively interest expressed. The try-outs for the several parts as well as for the atmosphere are being conducted and as soon as the cast is complete the actual rehearsing will begin.

SEEK AX MURDERER.
(BY A. P. NIGHT WIRE.)
BIRMINGHAM (Ala.) Jan. 11.—Folks today were searching for an ax wielder who last night killed Mrs. Clem S. Crawford and seriously wounded her husband, a grocer. Robbery is believed the motive.

WASHINGTON NEWS IN BRIEF.

WASHINGTON, Jan. 11.—Final action on the naval limitation treaty was delayed by reference to Tokyo of questions concerning Japanese islands to maintain status quo of fortifications in the Pacific and to London of the ship-crafting schedule.

Shantung negotiations were resumed between Japanese and Chinese delegations and agreement reached on the withdrawal of Japanese troops along the Shantung Railway.

It is authoritatively announced that a nine-power treaty dealing with China and the Far East is in process of gestation.

It has been disclosed to Congress that the international joint commission report recommending construction of the St. Lawrence waterway provides that the United States shall bear the major portion of the expense in deepening the river and in the cost of the Welland Canal in Canada.

The outcome in the Senator Newberry case grows more doubtful and may hinge on one or two votes.

The government reorganization scheme soon to be reported may legislate two members out of the Cabinet in consolidation of the Navy and Army and Labor and Commerce departments.

Secretary of Commerce Hoover may head the American delegation to the Genoa economic conference if President Harding decides upon participation by the United States.

CHINESE PREMIER EXPLAINS

Hopes All Major Problems Will be Settled by Arms Conference.

PEKING, Jan. 11.—The government today confirmed recent reports that Gov. Wu Pei-fu, Inspector-general of Hunan and Hubei, was moving large bodies of troops north from Hubei, and at the same time issuing violent denunciations of the government's supposed pro-Japanese policy, declared to be compromising China's interests at the Washington conference.

Denying Gen. Wu Pei-fu's accusations, Premier Liang Chih-yi issued a statement this afternoon, setting forth the new government's policy with regard to the conference.

"China," says the statement, "desires permanent peace in the Pacific. China earnestly desires enjoyment of the sovereign rights indispensable to an independent state. The existing international differences must be removed through friendly co-operation with the powers. Therefore China hopes that all the major Chinese problems will be solved by the conference."

"The new Cabinet fully indorses the attitude of the Chinese delegation with regard to Manchuria. It believes the genius of the Chinese people is capable of evolving a strong, united China, when not hampered by fear of foreign aggression and when limitations upon sovereignty are removed."

A preliminary paragraph emphasizes the need of foreign methods and foreign capital for the development of the nation.

A Cabinet officer declared today his conviction was that the Japanese Foreign Office was willing to agree to the Chinese terms on Shantung, but that the military element was opposed to any compromise over the railway question.

An offer by Japan to the Foreign Office on December 27 of a loan to repurchase the railway had been unconditionally refused, he said.

Tao Yu Lin, recently appointed high industrial commissioner by the Peking government, has requested the appointment and requested the President to withdraw the mandate for it. The naming of Tao Yu Lin drew forth widespread popular protest on account of his alleged pro-Japanese tendencies.

Local officials are expressing confidence that the proposed \$30,000,000 loan will be consummated by the government and they are now freely discussing the subject of a substantial loan of \$300,000,000 with increased customs revenues as security.

PLEADS NOT GUILTY TO EMBEZZLING FINE.

COURT CLERK ARRESTED IS TAKEN TO TOMBS TO AWAIT TRIAL.

NEW YORK, Jan. 11.—James C. Burdick, former deputy clerk in the United States District Court, was arraigned before Federal Judge Knox today charged with the embezzlement of \$4100 he collected as fines last year from moonshiners convicted of liquor-law violations. He pleaded not guilty and was sent to the Tombs in default of \$1000 bail.

Burdick, whose alleged defalcations were discovered after he had disappeared in August, 1921, was arrested ten days ago in Los Angeles.

MRS. ANNA E. HUGHES,
Chicago, Ill.

Mrs. Anna E. Hughes, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac, says:

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous."

"My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it."

Tanlac is sold in Los Angeles by The Owl Drug Co. and by leading druggists everywhere.—(Advertisement.)

MONTHS OF SUFFERING

How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pain in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."

Rose Walden, 5015 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know that they have suffered, and they describe their symptoms and state how they were finally made well.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feeling, nervousness, and an inability to get anything done or to go anywhere. It has helped many women. Why not try it?

Poslam
rarely fails to stop eczema

The most wonderful thing about Poslam is that it is enough to heal. Often a single dose will clear away a crop of eczema or similar eruption that has been an itching torment for years.

The best touch of this famous ointment used by the best doctors in the world.

OPPOSITION TO WATER PERMIT.

Prior Claim is Made to Power Filing.

Assert Rights Lapsed for Lack of Work.

Black River Project Cause of Controversy.

(EXCLUSIVE DISPATCH.)

PHOENIX (Ariz.) Jan. 11.—Large Southern California interests are understood to be behind Engineer Frank G. Baum of San Francisco in his application for water-power rights on Black River, one of the two main feeders of Salt River above the Roosevelt reservoir. Here, in an examination conducted by Hydraulic Engineer E. C. La Rue of Pasadena, Mr. Baum stated that \$20,000 already had been spent on the project in surveys and other expenses and that it is proposed to spend about \$2,000,000 in construction and power generation. There are to be three dams, capable of storing of 35,000 acre feet of water.

The applicant found much opposition. Del M. Potter of Clifton appeared with a claim to prior appropriation. State Water Commissioner W. S. Norviel presented an opinion that Baum's rights had lapsed for lack of proper prosecution of the work contemplated. It was agreed at the hearing that the government's interest must be confined to the use of abutting lands and that the use of the water is under direction of the State authorities. From the United States Geological Survey came opinions adverse to the petitioner. Director A. P. Davis wiring that he had twice recommended to the Federal Power Commission denial of the petition.

A similar recommendation came from W. E. Weymouth, chief engineer of the Reclamation Service. Strong opposition to the granting of a permit was presented by the Salt River Valley Water Users' Association, by representatives of a number of irrigation and reclamation projects, of the cities of Phoenix and Glendale and the Phoenix Chamber of Commerce, the argument based mainly upon allegations and evidence that the Baum plans would be the detriment of rights of established water users and hydroelectric power plants.

RAILROADS MUST SAFEGUARD TRAINS.

AUTOMATIC CONTROL DEVICES TO BE INSTALLED BY FEDERAL ORDER.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Forty-nine of the larger railroads of the United States serving practically all sections of the country, were ordered by the Interstate Commerce Commission today to show cause on or before March 15, next, why they should not be required to install complete systems of automatic train control devices on their lines.

The commission tentatively decided to make it mandatory upon the railroads concerned to install the devices by July 1.

The roads made subject to the installation requirement today, the commission said, are those on which traffic conditions make safeguards most desirable.

TRAIN CREWS FREED FROM WRECK BLAME

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Exonerating the members of the train crews from responsibility for the head-on collision of two passenger trains reported by the Interstate Commerce Commission today, the commission said that in which seven persons were killed and seventy-three injured, the State Public Service Commission today reported the findings of its investigation.

Disregard of the ordinary rules of safety first by operating officials of the Great Northern Railroad in allowing train No. 12 to run over the eastbound track without proper safeguards caused the wreck.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers used a mixture of Sage Tea and Sulphur to keep their locks dark and beautiful, and thousands of women and men value that even color, that beautiful dark shade of hair which is so attractive, using only one time a day.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—(Advertisement.)

Are You Fat? Just Try This

Thousands of overfat people have been cured after following the advice of doctors who recommended fasting. For a complete list of names, see the advertisement for Marmala Prescription. If you get the full-size box now to your druggist for one dollar, which is the price the world over, procure a case of these tablets. It is remarkable that they cure them direct by passing pills to the stomach. They are made in the Marmala Co., 4613 Woodward Ave., Detroit, Mich. They return places of effect without transverse arteries or nerves. They are made in a non-pungent effect.—(Advertisement.)

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

OMAHA, Jan. 11.—Business and professional men and leading ministers and welfare workers attended a dinner given by George A. Roberts to discuss plans for a campaign to raise \$75,000 needed to reconstruct and refit the old Brown Hotel Building into the new home for working women and girls.

The special assessment made on the 1918 solvent State banks in Nebraska for the purpose of strengthening the guaranty fund will yield \$1,455,262.

(EXCLUSIVE DISPATCH.)

DETROIT, Jan. 11.—Gangs are sending young women to rent small furnished apartments and after securing them attempt to buy liquor for the janitor. If successful they tip the gang off on the whereabouts of the supply and the men descend a night or so later. Liquor stores above the Roosevelt reservoir are thus stolen.

Actors playing Detroit vaudeville theaters after a tour of the city, are being taken from Lake Winnebago by ice fishermen. The industry of ice fishing is flourishing and is keeping hundreds of men busy and furnishing many families with food and revenue.

The drainage of 12,000 acres of wild lowlands lying along the Mississippi River between Des Moines and Linnville, has been authorized. A twenty-four-apartment hotel equipped with the latest facilities for service will be built in Madison next spring by the Gay Building Company.

Dispatches from Manitowish say an epidemic of smallpox prevailing in various parts of the country, is spreading. Three schools in the rural district have been closed.

Our Trade With Latin America Doubles in Year

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Trade between the United States and Latin America increased by 100 per cent in value during 1921, as compared with 1920, the last normal year, according to a summary issued tonight by the Commerce Department.

During 1921 the department estimated trade between all countries of Latin America and the United States amounted to \$1,404,000,000 as against \$730,000,000 in 1920.

Of the trade for the last year, \$417,000,000 consisted of imports from Latin America and \$737,000,000 of exports from this country. Imports from Mexico were, 1921, \$1,735,244, 1920, \$179,231,745; 1921 (estimate) \$116,000,000.

Exports to Mexico were, 1921, \$48,652,127, 1920, \$207,553,497; 1921 (estimate) \$225,000,000.

FUTURES TRADING ACT CHALLENGED.

CHICAGO BOARD OF TRADE ASKS THAT LAW BE HELD INVALID.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Counsel for eight members of the Chicago Board of Trade presented final arguments in the Supreme court today in the case which challenges the constitutionality of the Futures Trading Act. The contention advanced was that the act was punitive and in the terms of a penalty to enforce regulatory provisions of transactions over which the Federal government has no control. The government also opened its argument today.

Solicitor-General Beck declared that "wild orgies" in grain exchange caused Congress to impose an excise tax which carried certain exemptions under which the tax would not be imposed or collected. He contended that there could be no question of the power of Congress to place any tax it pleased on any transaction of grain or other exchange.

Grain traded in on the Chicago Board of Trade has ceased to be article of interstate commerce, counsel for the eight members claimed, before such transactions are made. Importance of regulation of grain exchange, he said, and the value of exchange property were emphasized in stating the opposition to those bringing the proceedings.

San Francisco, Jan. 11.—Prince Iyasato Tokugawa, Japanese delegate to the Washington conference, said he believed the four-power pact originating at the conference would insure peace in the Pacific.

Mr. V. D. Zimmerman, son of Mr. and Mrs. D. Zimmerman, who signed a five-year contract with the United States Grain Growers, Inc., according to news dispatches received by A. L. Middleton, Iowa director of the farmers' party.

DES MOINES, Jan. 11.—While playing in a shed on the R. W. Branstad farm near Seland, children found a box containing \$1500 in cash. The money was turned over to the police and the children were rewarded with another box containing \$250.

DES MOINES, Jan. 11.—While playing in a shed on the R. W. Branstad farm near Seland, children found a box containing \$1500 in cash. The money was turned over to the police and the children were rewarded with another box containing \$250.

AKRON, Jan. 11.—N. J. Keating of the Akron Railway, who today, left yesterday for a two-month stay in California.

Claude V. Simmons, son of Mr. and Mrs. D. Zimmerman, who signed a five-year contract with the United States Grain Growers, Inc., according to news dispatches received by A. L. Middleton, Iowa director of the farmers' party.

MINNEAPOLIS, Jan. 11.—Col. Leander, patriot and friend of the city, died today at the age of 75. He was a member of the city's most picturesque characters, has passed on.

Women have made good as jurors in Minneapolis. It was generally agreed yesterday at the Courthouse by persons who watched women's activities last week in their first week of jury service.

Work will be started immediately on six new apartment buildings costing \$750,000.

Two hundred oceanic which contained not their own natural milk but a pint each of strong Jamulac, were seized by Federal agents today.

ST. PAUL, Jan. 11.—An unsuccessful attempt was made to dynamite the Cold Spring Dam over the Sauk River, near St. Cloud. Windows in near-by houses were shattered but the dam was not damaged.

INDIANAPOLIS, Jan. 11.—One thousand five hundred citizens of Muncie have organized a "Beveridge-for-Senator" club.

Dispatches from Evansville say the Karges-Pohl Wholesale Grocery and Candy Company, in business for more than ten years, closed its doors today, but the management made no statement as to why the closing was forced by the depression in business.

A tentative plan to provide men in needy circumstances until

they are able to obtain other employment was outlined yesterday at a meeting of a committee appointed recently to make an investigation of the unemployment situation.

MILWAUKEE, Jan. 11.—Big strings of pike and pickerel, with now and then a mammoth sturgeon, are being taken from Lake Winnebago by ice fishermen. The industry of ice fishing is flourishing and is keeping hundreds of men busy and furnishing many families with food and revenue.

The drainage of 12,000 acres of wild lowlands lying along the Mississippi River between Des Moines and Linnville, has been authorized. A twenty-four-apartment hotel equipped with the latest facilities for service will be built in Madison next spring by the Gay Building Company.

Dispatches from Manitowish say an epidemic of smallpox prevailing in various parts of the country, is spreading. Three schools in the rural district have been closed.

FINAL JAPANESE CONCESSIONS TOLD.

(BY CABLE AND ASSOCIATED PRESS.)

TOKIO, Jan. 11.—Japanese Foreign Office authorities today asserted that a fifteen-year loan to China for the purchase of grain to the Shantung Railway in the province of Shantung, payments beginning the fifth year after date, and with the financial and traffic chief of the road to be Japanese, constituted Japan's final concessions to China concerning this question.

Some Japanese language newspapers today reported that the Cabinet at a meeting yesterday fixed the price to be paid by China at 10,000,000 yen and decided to refuse mediation on this point.

CARRY WHEAT TO RUSSIA AT COST.

(BY CABLE AND ASSOCIATED PRESS.)

WASHINGTON, Jan. 11.—An agreement to transport grain to Russia in Shipping Board vessels at cost was reached today at a conference of Secretary Hoover and Chairman Lusk of the Shipping Board, with President Harding.

Under the agreement, the Shipping Board will undertake to transport at cost, grain for Russian relief, purchased under the Congressional appropriation of \$20,000,000, but American private shippers would be given priority in employment over the Shipping Board steamers so long as they were willing to quote fair rates.

UNION HEADS URGE POSTAL RATE CUT.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Headed by George L. Berry, president of the International Pressmen's Union, presidents of international labor bodies today urged on President Harding a reduction in the second-class postal rates as a measure to aid the unemployment situation.

Spokesmen pointed out that the present second-class postal rate was 28 per cent greater than that of 1914, and that as a result, many magazines and periodicals were being placed in jeopardy, and some had been forced to discontinue.

The delegation said the President had evinced sympathy with their proposal.

REPORTS ACTION ON WAR-TIME CONTRACTS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 11.—Secretary Weeks sent to the Senate today in response to a resolution introduced by Senator King, Democrat, Utah, a report giving the number of cases acted upon by the War Department under the law of March 2, 1919, providing relief in cases of contracts connected with the prosecution of the war.

The Secretary stated that the number of claims filed for adjustment under the act were 12,127, of which, twenty-two remain undetermined and 708 have been adjusted and settled. The aggregate payments made on claims adjusted amounted to \$285,177,515.

VIENNA MERCHANTS FEAR DEMONSTRATIONS.

(BY CABLE AND ASSOCIATED PRESS.)

VIENNA, Jan. 11.—Doors here were closed and the principal shops shuttered today as a result of war employment demonstrations. The day passed without serious trouble or disorder, however.

Workmen of sixteen large factories adopted resolutions demanding release of persons convicted in connection with the unemployment demonstrations here on December 1.

BELIEVES RUSSIANS WILL GO BACK HOME.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 11.—A large movement of industrial emigrants from the United States to Russia during the coming spring and summer was predicted today by A. A. Heller, American representative of the soviet government's supreme council of national economy.

Agricultural colonies of Russians in Arizona, the Dakotas, California and Western Canada soon will send delegations to Russia, Mr. Heller said, to select settlement sites.

ROCKEFELLER GIVES UP.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 11.—John D. Rockefeller today sent to the Federal Building a check for \$391,698.38, which the Supreme Court decided he owed as taxes on income from pipe lines transferred to oil companies.

High Yield - Tax Exempt

We recommend Merced Irrigation District 6% Bonds, due 1933-1950, inc., to the conservative investor.

These bonds are exempt from all State and Federal Taxes except inheritance, and are a legal investment for California Savings Banks.

The district includes Merced (the County Seat) and the towns of LeGrand, Livingston, Atwater and Winton, with an estimated population of 17,000; has an assessed valuation of over \$18,000,000 and an estimated valuation of \$50,000,000.

The district comprises 190,000 acres, some 70,000 of which have been under irrigation for many years. Its products are highly diversified, Merced County ranking fourth in the State in dairying; has well developed orchards and large truck gardening production.

Rugg, a vice-president, to the board of directors.

PERSONAL MENTION. John T. Parsons, formerly with the Chicago office of Lee, Higginson & Company, is now a member of the sales force of Merrill, Lynch & Company.

ALABAMA ISSUE. The Harris Trust and Savings Bank of Chicago is now offering an issue of Alabama Power Company first mortgage lien and refunding 6 per cent gold bonds, due 1921. The issue is priced at 98. Net earnings of the company are over 2.1 times interest charges.

DEFINITE CERTIFICATES. Definitive certificates of the following recent bond issues are ready, according to information received yesterday from Merrill, Lynch and Company: Illinois Central fifteen-year 5 1/2 per cent secured gold bonds, due 1925; Swift & Co., ten-year 7 per cent secured gold notes, due 1921; Philippine government 5 1/2 per cent public improvement bonds, due 1911.

STOCKHOLDERS' MEETINGS. The annual meeting of the stockholders of the Laguna Land and Water Company, who own and are subdividing Maywood was held yesterday and the following officers were elected for the ensuing year: S. C. Graham, president and general manager; Irwin J. Muma, first vice-president; J. H. Fisher, second vice-president; H. H. Garstin, secretary and treasurer; P. M. White, assistant secretary and assistant to the general manager.

In addition to the officers, the following directors were elected: John E. Coffin, Torrey Everett, J. R. Flaherty, G. D. Maple, George B. Ellis.

Reports for the year indicate that Maywood has more than doubled in population, and street and other improvements which have been installed during the past twelve months would make a creditable showing in a city of 25,000 population. The intensive selling campaign is to continue during 1922.

MORRIS PLAN COMPANY. At the annual meeting of the stockholders of the Los Angeles Morris Plan Company the entire board of directors was re-elected as follows:

Harold L. Arnold, Edgar Baruch, E. W. Clark, J. E. Cook, Richard J. Dillon, Osborn D. Dockweiler, Coleman du Pont, H. W. Frank, Trigg Garner, E. S. Gosney, Paul M. Greer, P. E. Hatch, George B. Jones, J. A. Jerns, T. P. Junkin, J. A. H. Kerr, William Lacy, D. A. McDuffrey, August O. Martin, Harry Lee Martin, Arthur J. Morris, Louis S. Nordlinger, H. W. O'Melveny, V. H. Rossett, John Newton Russell, Jr., J. F. Sartori, Paul Shoup, H. O. Stuart, J. B. Van Nuys and W. H. Workman, Jr.

TICKER TICKS. Reports to I.C.C. by 200 class 1 railroads in November show net operating income of \$65,965,852. A decrease of \$38,485,890 from October, but an increase of \$15,120,000 over November, 1920.

Department of Justice to make a sweeping probe of wholesale and retail commodity prices throughout country.

Wall Street expects another reduction in New York Federal Reserve Bank rate, due to continuing ease in open market money rates.

Minneapolis Federal Reserve Bank cuts rediscount rate from 5 1/2 to 5 per cent.

Italian stock exchange conditions normal. Two American electric firms operating in Italy stop financial outlays pending improvement in Banca Disconto situation.

Average price twenty industrials 78.59, up .25; twenty rails, 72.54, up .11.

ARE YOU A FARMER? ARE YOU A BACHELOR? ARE YOU A GARMENT WORKER? ARE YOU SEVEN ATE PICKLED PORK IN HOSPITAL? ARE YOU WEALTHY PUBLISHER DEAD IN FLORIDA?

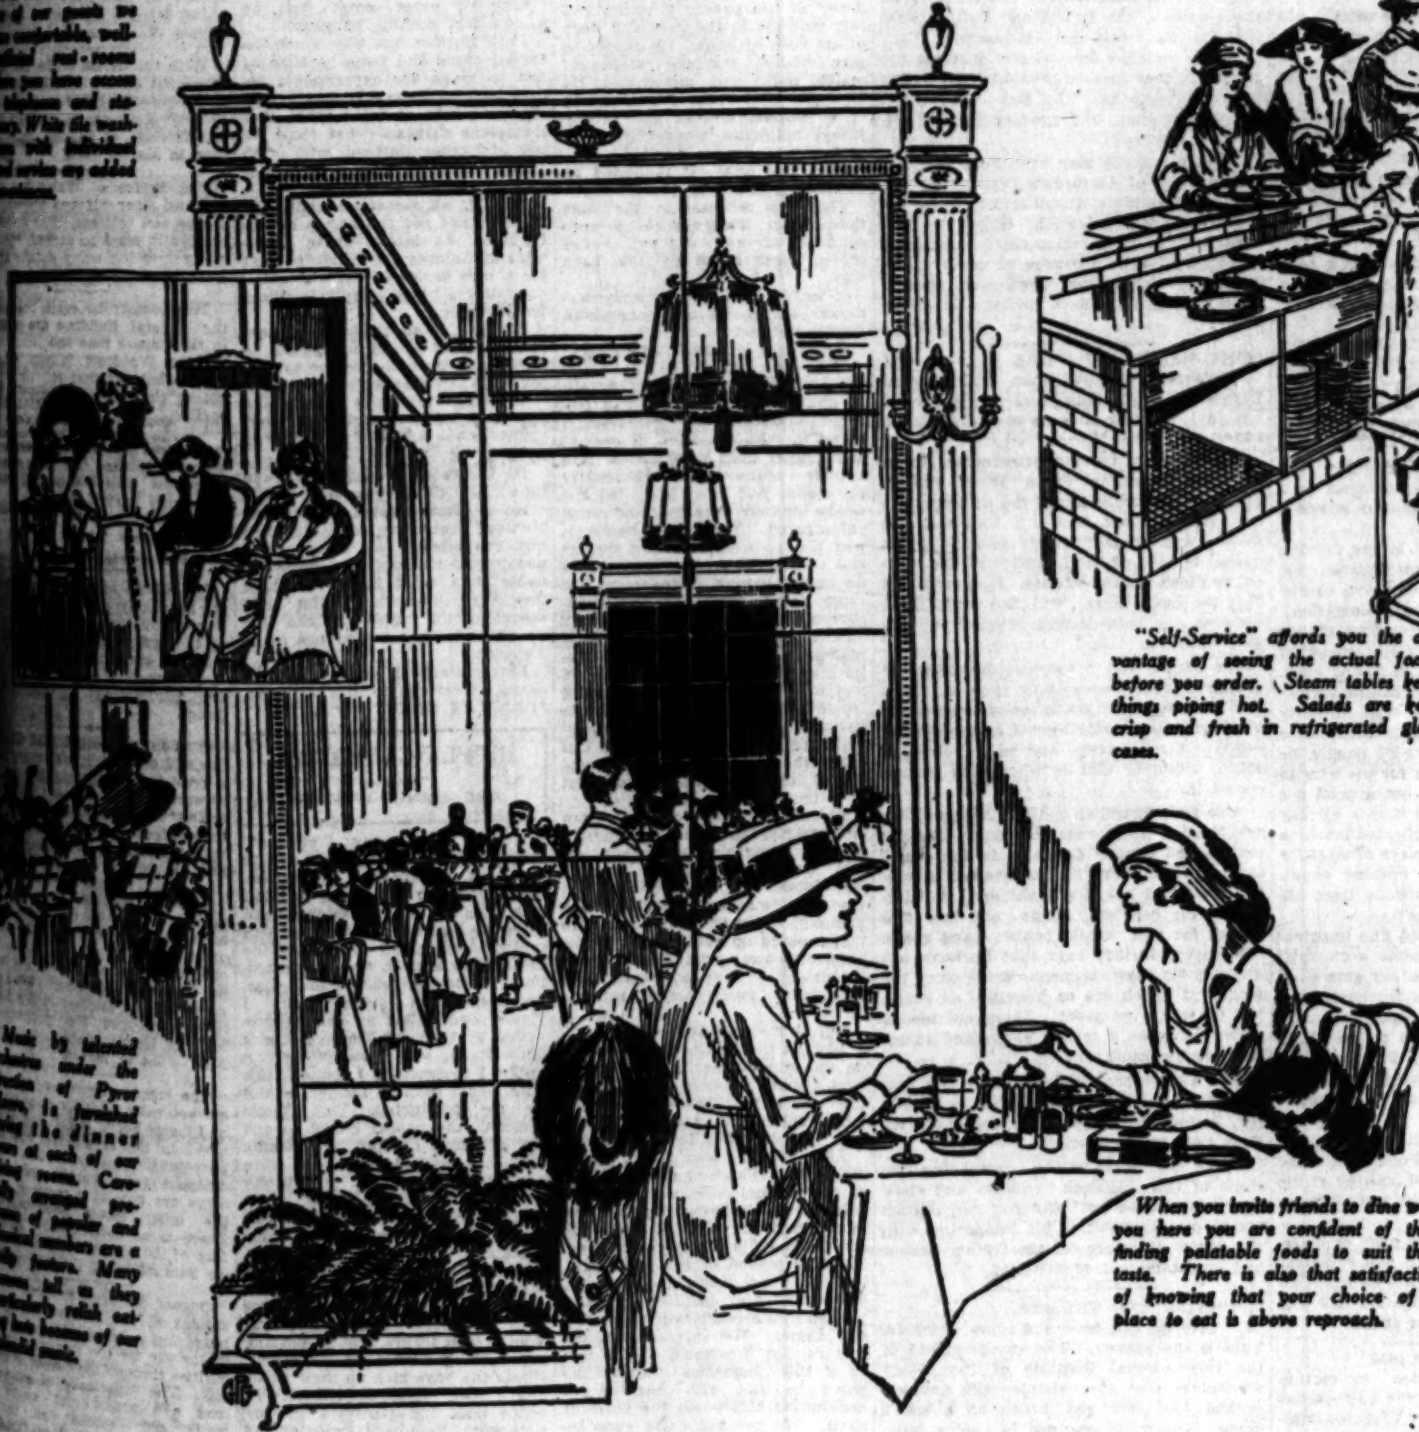

For Your Mealtime Enjoyment Every Provision Has Been Made at Boos Bros.

STEP into the nearest Boos Bros.' Cafeteria and experience the joy of eating "where quality never varies" and "where cleanliness is a habit." There is more pleasure in a meal here than merely satisfying an appetite. The surroundings contribute to your enjoyment of what you eat. The pleasing architecture and excellent ventilation, soft lights and snowy linens, and the happy attitude of the employees make these places congenial and conducive to good digestion.

You would be most agreeably surprised to know how many of your friends eat here regularly. We serve over 25,000 persons daily. That we appreciate this generous patronage we endeavor to show by continually making our dining rooms more attractive, equipping our kitchens and serving tables with the latest improvements and making such changes in our methods of food preparation and service as tend toward better eating.

Cleanliness is the supreme law of our kitchens where the big soup kettles chuckle contentedly. Aluminum utensils are used exclusively. They are easy to keep clean and lessen the possibility of foods burning.

"Self-Service" affords you the advantage of seeing the actual foods before you order. Steam tables keep things piping hot. Salads are kept crisp and fresh in refrigerated glass cases.

When you invite friends to dine with you here you are confident of their finding palatable foods to suit their taste. There is also that satisfaction of knowing that your choice of a place to eat is above reproach.

Even the ordering of things to eat affords delight in these cafeterias. Invitingly spread before you on spotlessly clean serving tables of glistening white tile are deliciously appetizing foods befitting a queen's taste. Soups, meats, salads, relishes and desserts in profusion enable you to vary your diet as you desire. Indicate your preference and courteous, helpful attendants in uniform will serve you. What an exquisite way to make a selection!

The menus are changed daily, and during breakfast hours many specials-to-order are provided, such as waffles, hot cakes and eggs. We do our own baking and can vouch for the goodness of the ingredients in our luscious pastries, pies and cakes. Generous "helpings" of all food are the custom, portions often being sufficient for two persons. It is not uncommon for families to share their portions and save the cost of an extra order. This is one of the many economical features of Boos Bros.' Self-Service Mode of Dining.

With the exacting care of a housewife we buy our foodstuffs. Fresh meats, vegetables, fruits and berries are always given preference over the canned or cold storage variety. Just as you must have a refrigerator in your home in which to keep "perishables"—we have our refrigerators, which are iced by our own refrigeration plant.

Proficient saladmakers, meat, vegetable and pastry chefs—each to his trade—attentively supervise the preparing of foods in our immaculate kitchens, where not only the walls and floors are of white tile, but even the table tops and their shelves. Bread-slicing machines, butter cutters and other labor-saving devices such as mammoth dish-washing machines, facilitate the work.

Autos Collide; One is Injured Other Arrested

Edward Fripp was injured in automobile accident yesterday at Walnut, and taken to a hospital in a critical condition, and Fripp, a manufacturer of machinery, living at 1941 1/2th avenue, was arrested by Constable Adams on charges of driving an automobile without a license and failure to render aid after an accident.

At the time of the collision, Fripp was driving a 1921 Buick. The car collided with the rear of a 1921 Buick driven by Fripp, and that the car drove on without giving notice.

Fripp was arrested yesterday by Constable Adams on charges of driving an automobile without a license and failure to render aid after an accident.

ARREST CAUSE
OF SENSATION.Prominent Lodger Held
for Highway Robbery.Charged With Theft of
\$15,000 from Messenger.Makes Confession to Author-
ities and Newspaper Men.

(LOCAL CORRESPONDENCE.)
PASADENA, Jan. 11.—The mystery of the robbery of \$15,000 in greenbacks from a messenger of the Citizens Savings Bank of Pasadena in a hold-up on a busy corner October 7 was explained today in the arrest and confession of Fred A. Grace, former bank teller, business man and prominent fraternal leader. He was arrested by the Pasadena police, who with private detectives have been shadowing him for months.

Grace admitted in the presence of Police Chief C. H. Kelley, a detective and newspaper man today that he held up the bank messenger and took from him the cash containing the \$15,000. He said he did it to get money with which to pay a loan of \$4000 he had made at the First National Bank of this city, where for thirteen years he was a paying teller. He had borrowed the money to go into business for himself, in a fruit canning enterprise here. It is understood that he lost the money in the venture.

WOMAN IN THE CASE.

Grace said he committed the hold-up unpaid. Nevertheless the case, which was the sensation of Pasadena today owing to Grace's wide acquaintance, is not without the touch of a woman. The Pasadena police are despatching "for investigation," Mrs. Emily Eleanor Walker, residing at a Federal Court, this city, to ascertain what she knows of Grace and his crime. They are also holding for investigation Louis Platto of Los Angeles. Police Chief Kelley stated that Mrs. Walker admitted that Grace had paid her rent and living expenses recently. She denied any knowledge of the hold-up.

CHIEF GIVES CREDIT.

Platto is being questioned by the police as to whether he was in contact with Grace in this or other crimes. Police Chief Kelley, who gives the credit for the arrest of Grace to Patrolman P. J. McNulty, says suspicion was first fastened on Grace through this man Platto. Officer McNulty was in Los Angeles one day, a short time after the robbery, and a friend gave him a tip that a man, said to be Platto, had been overheard by Grace. Grace wanted him to go in on the bank messenger hold-up, but that he declined.

POLICE DOUBT STORY.

This phase of the confession the police did not believe, inasmuch as a friend of Grace's had turned

DEATH REMOVES
STAR WITNESS.Wife of Accused Man Dies
at County Hospital Before
Day of Trial.

(RECEIVED DISPATCH.)

VENTURA, Jan. 11.—In spite of the fact that death has removed the principal witness for the state, Fayette M. Meigs, aged 54, will come before the court on January 13 on a charge of non-support of his wife.

Mrs. Meigs died at the County Hospital after being removed there from a lonely camp where, it is alleged, she had been left alone for days at a time. Probation Officer Spier, Mrs. Harry M. Sheehan, president of the Ventura Charity Club, and others are promising the charge. Meigs is said to be a man of some property, who with his brother constructed Meigs' wharf at San Francisco, many years ago.

It was a dramatic thing, this investigation, and it had its climax when Officer McNulty interrupted a game of pool with Grace to place him under arrest.

Until Grace's arrest, he was unaware of the espionage of the police. Following his withdrawal from the game, he had been engaged in the transfer and the business just across the street from the police station. He knew all the police and frequently played pool with them in their assembly room.

BORROWED MONEY.

Shortly after the hold-up, Grace appeared at the First National Bank, where his loan of \$4000 was due for repayment and where he was employed for many years, and said that an uncle had died in Harrison, Me., and had left him a part of his estate. He borrowed \$1500 from his personal friends in the bank to go there and get the legacy.

In his confession Grace said that after the hold-up, he had carried the sack of money to his office and later in the day took it to a part of his estate. He was in the office at the time the hold-up took place, and he carried it to the bank to get the legacy.

POLICE DOUBT STORY.

This phase of the confession the police did not believe, inasmuch as a friend of Grace's had turned

POMONA
MYSTERY
SOLVED.Expert Sure That Woman
Wrote Note to Hide Case
of Self-Destruction.

(RECEIVED DISPATCH.)

POMONA, Jan. 11.—As far as the Sheriff of Los Angeles county is concerned the mystery concerning the burning to death of Mrs. Katie Swain, in a fire several weeks ago, which destroyed the Hinman feed store and the Pitts it shop is solved.

Milton Carlson, handwriting expert of Los Angeles positively identified the note of warning which the police found in the house of Mrs. Swain, as in the handwriting of the latter, slightly disguised.

"Katie Swain, 333 East Second street, Pomona, Cal., I failed last night, but will get you yet. I never let any one try to keep me down. That way and get away with it."

Thus this is written over Pomona's latest murder mystery and the note which the police found in the house of Mrs. Swain, as in the handwriting of the latter, slightly disguised.

DEBT THE CAUSE.

"I was in debt and I saw no other way out," said Grace, in his cell at the City Jail today.

The hold-up of William Booker, negro bank messenger, at the bank messenger, for bills of larger denomination. When he returned to Pasadena, Grace paid off his loan at the First National Bank and other debts he owed around town.

HOW IT WAS DONE.

"When Booker got off the car and reached the curb," said Grace, "I stepped up to him and said, 'Are you Mr. Booker?' He replied that he was, and I said, 'One of your children has been run over by an automobile. Come upstairs to the doctor's office.'"

Grace said he led the negro into the stairway of the Hinman feed store, near the second floor, according to Grace, he pressed a revolver against Booker's ribs and told him to hand over the sack of money. Grace said he then yelled "Hold him there for ten minutes, Jack," but that this was a ruse, as he had no intention of holding him. It was this ruse, evidently, that led the negro to believe that two men had held him up.

IDENTITIES PRISONER.

This afternoon, at the jail, Grace said he drew the same clothes he wore on the day of the hold-up and Booker identified him as the hold-up. Yet Grace remarked that he had never seen Booker in the street many times since the hold-up.

NO BANK CHARGES.

No changes in the officers or directors of the national banks in Pasadena were made at the annual meetings of the institutions, just held.

FIGHTS BURGULAR.

Fred Estel, local restaurant proprietor, found a burglar in the kitchen of his home at 214 North Vernon avenue this morning. He attacked the fellow, whom he described as a large-sized negro, but the latter fought back and escaped. Later the police arrested a negro giving the name of Edward Roper and are holding him on suspicion.

of Law.

(LOCAL CORRESPONDENCE.)

PASADENA, Jan. 11.—Resolutions have been adopted by the New Century Club of Pasadena commending the attitude of the Los Angeles Times in declaring for the enforcement of the Eighteenth Amendment to the Constitution. The resolutions were unanimously adopted by the club, which is composed of Pasadena citizens who meet from time to time to discuss current events, local, State and national. The resolutions were introduced by Judge Raymond G. Thompson of this city.

FIND BIG
CACHE OF
DYNAMITEMan Accused of Burglary
Directs Officers to "Plant"
in Fresno.

(RECEIVED DISPATCH.)

FRESNO, Jan. 11.—A big cache of dynamite from which attempts were made to blow up a power line, was discovered buried a few feet from the main Southern Pacific Railroad track near Bolivar avenue here by County Detective John T. Kennedy and Constable John Ford of Fowler, following a reported confession of Joe Patterson, accused of attempting to blow a safe at Bowie.

Patterson was on his way to appear before Judge H. M. Caldwell on record as favoring the erection of a stadium in Pasadena.

According to the evidence, the man was in company with a band of yeggs who were attempting to blow up a safe at Bowie, but who were foiled in the attempt when A. B. Herbach, an employee of the Howell Johnson store, opened fire. Patterson was severely wounded in the exchange of shots.

Dep. Dist. Atty. J. B. Hammett appeared on behalf of the prosecution at the hearing this morning and stated that the defendant said that in the thirty years of experience as a criminal this was the first time he had been caught.

The accused stated it is said, that the big pile of 105 sticks of dynamite was furnished by a companion in the southern part of the State. Officers are attempting to locate him and other men implicated in the attempted burglary and robbery.

Syndicate Buys
Newspapers in
Imperial Valley

(RECEIVED DISPATCH.)

EL CENTRO, Jan. 11.—Both El Centro newspapers, the Imperial Valley Press, afternoon, and the Progress, morning, were bought today by a syndicate composed of Ross Hammond, Harry Hammond and M. J. Westfield of Riverside. The Hammond brothers and Mr. Westfield closed the deal tonight.

The papers will be consolidated. Mr. Westfield announced, and will be run as an afternoon paper. The name of Imperial Valley Press will be retained. The Press is the oldest paper in the Valley, having been in operation some time before Imperial was founded. It has been owned by M. D. Davis for several years.

Mr. Davis conveyed his entire establishment, including the press and plant. The Progress was established ten years ago by O. B. Tost and has continued under his ownership until today. Mr. Tost conveyed only his subscription list. He will move his printing machinery to Porterville, where he has purchased the Forterville Messenger.

Ross Hammond will be the editor and publisher. He has been living in Riverside for the last two years. Prior to that time he was a newspaper publisher in Fresno, Napa, and his brother, H. W. Hammond, is well known in Southern California. He is vice-president and manager of the Imperial Valley Press. Westfield is manager of the Press Printing and Binding Company in Riverside.

The consolidated paper, Mr. Westfield announced, will extend its scope to cover the entire valley and will at once arrange for adequate news service by telegraph. Ross Hammond, who will be the directing head of the paper, is expected to arrive here tomorrow.

Reserve now for "Coronado."

GLENDALE ENFORCES
CURFEW REGULATION.

(RECEIVED DISPATCH.)

GLENDALE, Jan. 11.—Tomorrow night the curfew law will again become effective in Glendale. Boys and girls under the age of 17 must be off the streets and out of public buildings and parks unless accompanied by their parents or guardians.

This law was authorized by the City Council at the request of the Chief of Police Martin, who asked for such an ordinance to assist in the curbing of misdemeanors among minors.

There has been a curfew ordinance since 1913, but it has not been enforced. The ordinance made the time limit 7:30 in the winter and 8 o'clock in summer time. After 2:15 officers are instructed to cite minors who are found on the streets to appear at the police station. The second appearance will result in the offender being sent to Juvenile Hall.

ILL OMEN
TELLS OF
DISASTER.Broken Looking Glass Gets
Blame for Misfortunes of
Salt Lake City Youth.

(RECEIVED DISPATCH.)

ONTARIO, Jan. 11.—He blames it all on the smashing of one small pocket mirror.

Just before he crawled into an abandoned motor car on a Union Pacific freight train last night in Los Angeles whither his wanderlust had taken him some weeks earlier, Frank Miller, 21-year-old Salt Lake City youth, had the misfortune to break a mirror in his pocket.

He awoke early this morning to find all quiet and himself half frozen to death. Investigation proved that his "disaster" had been placed on a dining car near Salt Lake City, this city. Numb with the cold, the youth dragged himself from the car and gathered sufficient wood to kindle a fire. Soothed by the warmth of the friendly blaze, Miller curled up by his camp fire and was soon asleep.

The youth awoke to find himself wrapped in flames, which had spread from his camp fire to his clothing. Cries for help attracted the attention of persons residing in the vicinity who turned in hurried calls for police and fire departments.

Officers hurried to the scene, aided in extinguishing the burning clothing, and hurried the young man to police headquarters where his injuries were given attention. His right leg was seriously burned from the hip down and he suffered other minor burns. He was taken this afternoon to the County Hospital at San Bernardino.

Miller informed the officers that he had had \$20 in currency and \$2 in silver in his clothing. A search discovered the silver, but the currency was burned with the clothing.

Oil Worker
Tells Story
to Officers.

(RECEIVED DISPATCH.)

FRESNO, Jan. 11.—E. H. Potts, one of the Coalinga oil workers indicted by the Fresno county grand jury on the charge of kidnapping, assault and burglary in connection with the recent strike, has made a confession involving himself and the seven other defendants named in two indictments to Dist. Atty. B. W. Gearhart, according to an affidavit filed here today by defense attorneys asking sympathy.

Judge C. H. Beaumont will rule on the affidavit January 13 and the men are scheduled to go to trial January 18. According to the affidavits placed on file the alleged confession made by Potts involves all of the defendants in the commission of the various offenses charged against them. John Doe warrants have been issued, indicating it is asserted, that others are named in the purported confession.

VENICE, Jan. 11.—With the arrival of H.M.S. Raleigh, the flagship of the British Mediterranean fleet, a sister ship at Venice on Saturday, January 14, a full week's British jubilee program in honor of the officers and men of the two ships will open in Santa Monica and Venice. City officials, the chambers of commerce and consular authorities of Santa Monica and Venice are co-operating with the Sons of St. George, Bay Cities Lodge, No. 814, in providing a fitting reception for the first British battleships to anchor in Santa Monica Bay in eight years.

Airplanes, bearing British and American flags, circling overhead will welcome the warships with salute bombs as they enter the bay and anchor. A reception committee consisting of Mayor S. L. Barker, Santa Monica; Mayor E. A. Greer, Venice; Maj. Thomas Osborne, British Vice-Consul; Thornton Kinney, president Abbot Kinney Company; H. M. Gorman, president Santa Monica Ocean Club; President of Commerce, E. H. Park Chamber of Commerce; E. H. Thurston, president Venice Chamber of Commerce; F. J. Dudley, Frank Townsend, president, James Pasquod, vice-president, Bay Cities Lodge, Sons of St. George, will welcome the crews of the vessels.

NEW NAVAL YARD.

Government to Build Big Plant at
San Diego.

(RECEIVED DISPATCH.)

SAN DIEGO, Jan. 11.—Plans for San Diego's new auxiliary navy yard, an important addition to the naval establishment here, were announced today by Commander Henry Jensen, who will be the first commandant of the yard.

Construction of a new wall that eventually will be 3400 feet long and which work of a 10-in and channel, are also improvements upon which work will be started immediately. It is expected that the plant will be ready for occupancy late in March. The marine railway nearly completed, will be able to handle approximately fifty destroyers and lighter craft annually when the auxiliary navy yard is up for the repair and overhauling of these vessels.

The auxiliary navy yard is being constructed on the site of the old shipyards, where concrete vessels were built under the direction of the Emergency Fleet Corporation during the late war.

High Schools Training for Coming Track-Field Meets.

PEED HOUNDS GET UNDER WAY

Prep Cinderpath Celebrities Are Working Hard.

Pioneers Expected to Turn Out Fast Team.

Pole Vaulters Conspicuous by Their Absence.

Although prep track season will not be formally opened for over a month, practice has been started in practically every high school in the south, and much preparation is being made for the annual relay carnival at Redlands, February 18, which will be the first big event of the year. Most of the City League athletes have been working out since the Christmas holidays, while Tommy Davis at Lincoln had his squad busy two weeks before the vacation, and Los Angeles and Jefferson have been working out since the Christmas holidays.

The pole vault seems to be one of the weakest departments in the City League. La Meile or Jefferson is averaging around ten feet six inches, and is liable to take the city honors at that point. Dickenson is vaulting for Lincoln, but isn't making very high. The fans are going to miss the pole vaulter of Guy Dennis, who featured for Los Angeles High in this event last year.

Norman and Stapler, are likely to clash up again in the sprint for Lincoln. Green and Mazzetti of L. A. will give them some ready competition. Jeffers, a recently-discovered marvel, Woodard, just how these men will stack up with the Redlands colored demons remains to be seen.

Angeline, Polts and Allen of Manual Arts, Nason of Hollywood, Simpson Larenson, and Haines of Jefferson and Thompson of Lincoln will furnish some excitement for the fans in the weights, while

They never seem to have enough money to cover running expenses. They appear to specialize in devious and frequently have to go about for the necessary funds, although these drives are known by more euphonious terms. It is easier to tap the public purse through the sale of football tickets, than by subscription. Any high-class, well-advertised football team would need materially in financing its alma mater. Most of the opposition to school and college football comes from the classroom. But let it be known that a proportion of all football receipts will be diverted to provide better salaries to the unpaid instructors, and that the school will guarantee that there will not be an adverse effect on the school from any professor.

The follow-up letter from Fred C. Nelles, superintendent of Whittier State, refers to a recent article regarding Vernon Clemens, and his marked achievement as a drop-kicker.

My dear Mr. Williams: Just a word of appreciation for your generous references to one of our boys, Vernon Clemens. It is this sort of publicity that inspires a boy to do his best. You have given this boy a big lift as you also have every other player on the team. A matter of fact, the write up has made all the boys in the school just a trifle chummy. It is such a thing when the boys will enter games or the name of another boy from the school played up in the daily press because of something worth while. They used to get so much space in connection with their mistakes or their adventures in wrong doing. We all wish you a very happy New Year.

LADS FINISH WORK FOR CROSS-COUNTRY.

WHITTIER, Jan. 11.—The Whittier College cross-country aspirants are winding up their intensive training in preparation for the college conference cross-country meet to be held at Occidental on Saturday. A squad of about a dozen men has been working at and the future will enter the meet. The probable entrants will be Frasier (captain), L. Kramer, Landon, Hagerston and Cooper. Whittier is without the services of a track coach at present, but the selection will be announced soon. Bob Strahl, a football trainer, is a likely candidate.

CLARK KNOCKED OUT.

TULSA (OKLA.) Jan. 11.—Hugh Walker, light-heavyweight of Kansas City, knocked out Jack Clark of Tulsa, Oklahoma, in the fourth round of a scheduled ten-round bout here tonight. Walker beat Clark down six times in the third round.

WILL PASS ON 1922 SCHEDULE.

SAN FRANCISCO, Jan. 11.—Adoption of a schedule for 1922 will be one of the principal matters to be taken up by the directors of the Pacific Coast Baseball League when they meet here next Monday. Last year the schedule ran twenty-six weeks but it has been proposed that in 1922 the season last twenty-six weeks or more.

Another matter coming up will be the question of accepting the draft system with an increased price of \$7500 for ball players called by the major leagues. According to baseball men here, J. Cal Ewing, owner of the Oakland club, is the only owner on the circuit who favors adoption of the draft.

In the middle Mississippi is conceived a flock of first place for Hollywood.

The first draft meet of the City League season will be pulled off February 15, while the city meet is scheduled for April 8.

GRID SURELY PACKS 'EM IN.

(Continued from First Page.)

play, of flying V's, tandem and revolving wedges, football was incomprehensible to the average layman. It was intelligently enjoyed only by specialists, although such as the student bodies and alumni. Few, aside from those who had actually played the game, could follow the ball, and to the uninitiated it appeared a hopeless jumble of bulky bodies. Now the game is an open book, spectacular and as easily understood as brightly colored lithograph. Those who do not understand football to the point of genuinely enjoying it are now the exception, whereas half a dozen years ago they were the rule. And the game, as far as popular support is concerned, is hardly out of its infancy.

High school games in this section draw from 5000 to 15,000, and apparently are limited only by the size of the parks. Yale plans to increase its bowl to seat 119,000. Other football stadiums of stupendous capacity are burgeoning all over the landscape.

Some claim this will result in commercializing football. Large games are not necessarily synonymous with commercialism. In the general accepted sense, commercialism depends on the use to which this money is put. Here is a chance for the colleges and universities to give up their financial life. There are mighty few colleges of our acquaintance which are not eternally in the hole.

USUALLY SHORT.

They never seem to have enough money to cover running expenses. They appear to specialize in devious and frequently have to go about for the necessary funds, although these drives are known by more euphonious terms. It is easier to tap the public purse through the sale of football tickets, than by subscription. Any high-class, well-advertised football team would need materially in financing its alma mater. Most of the opposition to school and college football comes from the classroom. But let it be known that a proportion of all football receipts will be diverted to provide better salaries to the unpaid instructors, and that the school will guarantee that there will not be an adverse effect on the school from any professor.

The follow-up letter from Fred C. Nelles, superintendent of Whittier State, refers to a recent article regarding Vernon Clemens, and his marked achievement as a drop-kicker.

My dear Mr. Williams: Just a word of appreciation for your generous references to one of our boys, Vernon Clemens. It is this sort of publicity that inspires a boy to do his best. You have given this boy a big lift as you also have every other player on the team. A matter of fact, the write up has made all the boys in the school just a trifle chummy. It is such a thing when the boys will enter games or the name of another boy from the school played up in the daily press because of something worth while. They used to get so much space in connection with their mistakes or their adventures in wrong doing. We all wish you a very happy New Year.

LADS FINISH WORK FOR CROSS-COUNTRY.

WHITTIER, Jan. 11.—The Whittier College cross-country aspirants are winding up their intensive training in preparation for the college conference cross-country meet to be held at Occidental on Saturday. A squad of about a dozen men has been working at and the future will enter the meet. The probable entrants will be Frasier (captain), L. Kramer, Landon, Hagerston and Cooper. Whittier is without the services of a track coach at present, but the selection will be announced soon. Bob Strahl, a football trainer, is a likely candidate.

BAN TO ISSUE CONFAB CALL.

Johnson to Set February 12 for Ball Chatter.

Nationals Meet in Gotham Two Days Later.

Draft Proposition to be a Silent Feature.

CHICAGO, Jan. 11.—Men who sign the pay checks for players in the American League will be requested to gather in Chicago February 12 for their annual spring confab. Ban Johnson, league chief, announced today he would issue the call. The National League will hold their session in New York, probably two days after the Junior circuit magistrates meet here.

About the only important thing the two leagues will have on their hands at that time is the draft question. The advisory council's report of a \$7500 price to get the class AA leagues to submit to the player selection will have to be passed on by the owners. There is every indication of their accepting it. However, a hitch may develop from the other side, as the three big minors are not ready to admit the \$7500 price is all they want.

GOLF BODY ADDS MONEY TO TROPHY.

(BY A. P. MONT WIRE.)

COLUMBUS (O.) Jan. 11.—Announcement was made here today by George Sargent, president of the Professional Golfers' Association of the United States, that he has accepted the offer of Rodman Wanamaker to give an additional \$500 to the prize list for the PGA tourney to be held at Pittsburgh this year.

This money is to be distributed, \$25 to each of the thirty-two players who are defeated in the first round of match play.

FRANKLIN BASKETERS WALLOP OCCIDENTAL.

Franklin High won a close practice game from Occidental's varsity team yesterday afternoon in the Franklin gym. 22 to 17.

At half time the score was 11 to 13 in the Tigers' favor, but a spurt in the second half, when the game put the press ahead. Brannan, Ozy captain, did not play.

Franklin has defeated both Manual Arts and Lincoln in practice games, and will take on Covina tomorrow in the opening game of the Central League season.

TEE, FAIRWAY AND GREEN.

Who is the best amateur golfer in America and Canada today? I have been asked to answer this question and to list the first twelve amateur golfers of the country. I will. I have a background of experience and acquaintance that should, I think, qualify me to undertake the task.

It is not difficult to pick the first twelve amateur players. It is not any problem at all for me to say who is the one best amateur golfer today. It is, though, quite a job to place the others in two, three, four, five, six, or seven, or ten, or eleven, or twelve. It takes pretty close shadings of judgment for me to say, for instance, who is the fifth best amateur in America. In fact, it takes some fancy skating on this ice, but here goes.

BOBBY HEADS LIST.

The best amateur golfer in America, the best amateur golfer in all the world, has none; the finest, the most decisive player, the one with a flash approach and a steady putter—the one outstanding player who possesses a mastery of every department and who with his skill the energy of magnificent youth, is: **ROBERT T. JONES** of Atlanta, Ga.

GREAT STRENGTH WITH BRAINS RARE IN PUGS.

Men of Sharkey Build Are Seldom Found in Scientific Class; John L. Lacked in Generalship.

BY DE WITT VAN COURT.

Strength is an asset to a boxer. But tremendous strength and brains are not usually found in the professional pugilist. One seems to see the other. Such men as Tom Sharkey, or men of his powerful build, are seldom found in the scientific class of boxers. John L. Sullivan was an unusually powerful man, and very fast for a man of his size, but as great a fighter as he was he never was noted for his generalship, or classed with scientific pugilists. In the scientific class, the prize ring rules, between him and Jake Kilrain, Sullivan gave an unusual exhibition of his great strength.

He was trained by Billy Muldoon, the noted trainer, and was brought into the ring under a big hat, and a long coat. He was a very clever boxer, and one of the best seconds in the game. Immediately Kilrain saw Sullivan stripped, he stepped back and tried to knock him off, but never landed a solid punch in the six rounds they fought. Corbett was recognized immediately as a corner and from that time went right up to the championship he won from Sullivan.

TO THE MINUTE.

Kilrain was trained to the minute, and was much less powerful than Sullivan. He was also seconded by Charlie Mitchell, a bitter enemy of Sullivan, and a very clever boxer, and one of the best seconds in the game. Immediately Kilrain saw Sullivan stripped, he stepped back and tried to knock him off, but never landed a solid punch in the six rounds they fought. Corbett was recognized immediately as a corner and from that time went right up to the championship he won from Sullivan.

SUPERMAN.

Jim Jeffries was another of these supermen of strength. In his first fight with Tom Sharkey he created a great laugh in one of the early rounds of the fight. Tom would rush Jim and tried several times to rough him up in the clinches. Jim never broke a rule of any kind and never in his long career as a pugilist, was even warned by a referee for anything.

Jim thought Tom should do the same. But along in the fifth round Sharkey got a little too say with the rough stuff, and Jim suddenly grabbed Tom by both shoulders and shook him like he would a child, then let him go. Tom stood still in astonishment. But he behaved better after, and lost the decision.

BRAINS OF GAME.

The self-made strong men, or

Many local boxing followers are of opinion that Jack Dempsey won't have so big a set-up as he thinks he will have, when he clashes with Tom Mix at Pantages Theater tomorrow night. The bout is scheduled for three rounds. Mix, before he went into the marines, was somewhat of an expert with the padded mitts, and could hold his own with the best of them. Several boxing experts on the Rialto yesterday declared the bout was one of the most lopsided ever sprung in Los Angeles, and that they wouldn't be surprised if Jack put the ex-cowboy away before the end of the first round. Tom's supporters will be on hand in force to see that their man gets fair play.

BASKET MEETING.

Southern California basketball officials will meet tonight at the Y.M.C.A. at 7:30 o'clock. The rules will be thoroughly gone over. All those officiating in basketball are invited to be present.

AUTO THIEVES GET BIG BUNCH.

The following cars were stolen from the streets of Los Angeles yesterday: Marmon 1920 seven-passenger touring, 575-149; Chandler 1920 seven-passenger, 8-191; Chevrolet 1919 touring, 208-639; Ford 1920 touring, 241-362; Buick 1917 roadster, 418-299; Buick roadster, Texas license 147571; Ford 1920 touring, 247-085; Dodge 1917, 116-564; Chevrolet 1920 touring, 422-581; Buick 1919 touring, 472-489; Cole 1918 five-passenger touring, 142-327; Hudson 1917 speedster, 459-753; Ford 1920 touring, 241-362; Chandler 1919 touring, 219-776; Ford 1921 touring, 618-948; Studebaker 1921, dealer's license 2-411; Ford 1920 touring, 646-979; Ford 1921 coupe, 620-514; Chevrolet 1920 touring, 895-612; Oldsmobile 1919 roadster, 4-738; Dodge 1919 touring, 171-643; Dodge 1916 touring, 626-435; Ford 1916 roadster, 375-115, and Chevrolet 1918 touring, 324-373.

Anyone seeing any of these cars will please notify the auto theft bureau of the Auto Club of Southern California, or police headquarters.

Who's Boss in the Wad Family?

Can You Think of an Idea as Funny or Crazier than This? If so, Send It in and Win a Cash Prize. Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available \$3 each. Ideas must be original, local, "drawable" and funny. Each picture must be described in words or a rough sketch. Title and dialogue must be supplied. All strips must deal with some member of the Wad family—Cicero Wad, the grandfather; Tim Wad, the nickel nurse; Mrs. Spenda Wad, club and society woman; Wait A. Wad, sporty, spending son; Giva Wad, pretty and frivolous daughter; Gump Wad, 13-year-old terror; and Cicero Wad, Jr., the baby. Write on one side of paper only. Address all communications to Mr. Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.

THE GUMPS—BEWARE OF SHARKS

KERNEL COOTIE—PA AND GUS ARE IN THE SAME BOAT NOW

CHARACTER ANALYSIS
By Dr. James M. Heady

It is the aim of a series of practical tests to determine the character of a person. The tests are based on the principles of psychology and are designed to reveal the hidden qualities of the mind. The tests are simple and easy to use, and they can be applied to anyone. The results of the tests are valuable in many ways, and they can help you to understand yourself and others better. The tests are available in many forms, and they can be used in many different ways. The tests are a valuable tool for anyone who wants to know more about themselves and others.

MERCURY QUINTET SPEEDS AT FINISH.
The Los Angeles Athletic Club basketball team started slow but finished fast last night and defeated the squad from the Lakeside California 14 to 11. At the end of the first half the score stood 15 to 10 in favor of the club. The game was clean and hard-fought and the sailors put up a fine performance. The Mercury quintet couldn't stem the rush.

Oh Man!—By BRIGGS

SMITH AND LYNCH CLASH ONCE MORE.

GLENN WARNER IS TO VISIT STANFORD.
Stanford University (Cal.) Jan. 11.—Dr. F. T. Williams, chairman of the board of athletics control of Stanford University, announced tonight he had received word from Glenn Warner, University of Pittsburgh football coach, that the eastern man plans to leave Monday to visit Stanford. The purpose of his trip, it was said, is to look over the situation with a possible view to accepting a Stanford offer to coach here. Although Warner's present contract in the East does not expire until 1924, it is said it is possible he will act with the Stanford authorities in an advisory capacity before that time.

What Women's Organizations Are Doing.

FASHION'S FORECAST
DRESS
For immediate wear, the jumper dress of tricot, jersey or velvet is unrivaled both in service, ability and simplicity. The one shown has slight fullness at each side and is worn with a long-sleeved blouse.

The ladies' and missie's dress is cut in sizes 16, 30, 36 to 44 inches bust measure. Size 36 requires 2 1/2 yards 44-inch material for jumper and 1 1/2 yards 36-inch material for guimpe. Price 15 cents.

SOCIETY.
BY VIRGINIA WOODS.
A Handsome Dinner Party.
In honor of their house guest, Lady Henry of London, Eng., Mr. and Mrs. E. L. Dehany entertained last evening at an elaborate dinner party at their home in Chester Place.

The big table was set in the Pompeian room and was adorned with roses and orchids. Mr. and Mrs. Dehany and Lady Henry will leave tomorrow for New York.

To Visit Washington.
Mr. and Mrs. Frank L. Sewall of South Ardmore avenue are expected to leave the first of next month for Washington to visit the family of Mr. Sewall's cousin, Harold Sewall, who is on the advisory board of the Conference for the Limitation of Armaments.

At Elabovate Luncheon.
Mrs. Deles Brown and Mrs. Fred Smith of Peoria, Ill., were guests for the beautifully appointed luncheon at which Mrs. Russell McDonald Taylor and her sister-in-law, Mrs. Robert D. Clark, were hostesses yesterday at the California Club. It was a large affair.

In Colorado Springs.
Mr. and Mrs. Fred Hathaway Birby and daughter, Miss Katherine and Florence Elizabeth Birby, left for Colorado Springs, Colo., on Monday but will return Thursday of next week. The debut party of the two girls is to take place on the 17th inst. at the home of Dr. and Mrs. Ernest A. Bryant here. They will be home from New York on Saturday.

Returning Next Month.
Mrs. Mary Edward R. Maier and small son, Edward, Jr., and Miss Mary Forre who have been visiting in Wilkesbarre, Pa., since November are to return early next month.

Paroquet Ten.
Miss Olga Steeb is to give a tea on Saturday in honor of her pupils, the affair being arranged on the eve of her departure for the East. She will be assisted by her sisters, Misses Lillian and Norma Steeb and will have 100 guests. Miss Steeb is leaving for a concert tour that will take her to the States. She has been asked to play before the Woman's Congressional Club in Washington on March 1, and will be entertained by the club.

At Dinner Party.
Dr. and Mrs. Henry Sharpe Cheney gave a dinner party in honor of Mr. John K. Walker of Erie, Pa. Five were laid for eight and Christmas colors were used in the decorations.

At Music Tea.
Mrs. Harry Cardall and Miss Eva Johnson presided over a tea musical at the home of the former on South Manhattan Place. Musicians of Scotch, English, Irish and American strains adorned the room. Assisting at the tea were Mrs. William A. Moses, G. P. Blackmore and Charles H. Thompson. The program was given by Mrs. Alexander Fayette, Mrs. Gladys Pickering and Charles A. Foy. There were fifty guests. This was the first of a series of similar functions Mrs. Cardall is to give this season.

Home From Canada.
Mrs. William Schwartz of Brandon, Manitoba, Can., is spending the winter with her parents, Mr. and Mrs. A. Kingdon of 5516 Harold Way, Hollywood.

Returned to College.
Several girls who spent the holidays here returned to Stanford on Monday, among them being Misses Betty Reynolds, Lucille Mitchell, Priscilla Garvin, Helen Broughall, Barbara Sledge and Elizabeth Royer.

At Luncheon.
Mrs. A. Lincoln Deemer of 227 South Gramercy Drive was hostess at a luncheon yesterday in honor of her mother, Mrs. Louis Naith of Chicago, who is spending the winter here. Among the guests were Mrs. L. Greenblatt and Mrs. F. Herbert of Chicago; Mrs. Mitchell of Detroit; and Miss L. B. Deemer, M. Tauber, M. Fihner and M. Deemer.

Ma and Mrs. Holland.
Ma and Mrs. George Derby Holland of Honolulu, who spent the holidays with Mr. and Mrs. William Jerome Toomey have returned from Coronado where they spent the past week renewing old friendships. Mrs. Walter O. Fow, formerly of this city but now residing in Coronado gave a luncheon in their honor, having as guests, Mrs. Laurence Ingalls, Mrs. Frank Finley, Mrs. James D. Moberly, Mrs. Edward Scovill, Mrs. Frank Hall Moon, Mrs. McNair and Miss Moore. Ma Holland is now in command of P. Kamehameha, Hawaiian Islands.

NAB EIGHT IN RAID.
Officers Arrest Three Women and Five Men on Drug Charge.
Sweeping down on an establishment at 814 Central avenue early yesterday afternoon, Police Detectives Yarrow and Mailbox and State Inspector Peoples arrested three women and five men, all negroes, and charged them with violations of the State poison laws. A quantity of morphine and other drugs was seized by the raiding officers.

ASSERTED MURDERER HUNTED BY POLICE.
Slim Champion, 37 years of age, charged with the slaying of James E. Goldey, 25 years old, of San Francisco, was sought yesterday by scores of police detectives. Champion, according to the police, shot and killed Mr. Goldey during the course of a crap game in a building at 309 West Ninth street early Tuesday evening.

It's new -and it's COLGATE'S FAB

FAB is different—
Fab is thinner
Fab dissolves completely

Because of these facts, Fab soaps are stiffer and more abundant than other soap flakes—they hold their lather in any temperature of water. And Fab is safe. It has passed 5 years of Colgate's testing before reaching your hands.

A Test is Your Proof.

THURSDAY MORNING.

EXTENSION BREAKWATER

and Commissioners
Get Behind Project.

to Have Government
Harbor Survey.

of Book-keeper Are
Under Investigation.

Chamber of Commerce and
Harbor Commission
planning to adopt resolu-
tion to be forwarded to Wash-
ington that the Secretary of
the Interior be instructed by Congress to
conduct a survey of the proposed ex-
tension of the Los Angeles Harbor
breakwater four and one-half
miles to the westerly side of the
central channel.

City Council yesterday
passed a report of its Harbor
Commission and a resolution pre-
sented by Councilman Langdon,
which would authorize the com-
mission to conduct a survey of
the breakwater so as to
ascertain the necessity for com-
pleting the breakwater and to permit
the building of docks and
wharves on the ocean front at Ter-
rebonne.

It is expected that similar ac-
tion will be taken by the author-
ities at Long Beach, as part of the
survey will be within
the limits of that city. Congress-
man Langdon's home is in Long
Beach, and he, with Congressman
Wright, will unite to get action
from the breakwater.
It is agreed by shipping au-
thorities and naval officials that
the harbor is to con-
sidered as a world port.

INVESTIGATION.

Robert McKee of the harbor
commission yesterday that a
survey is being conducted of
the harbor breakwater by
the Harbor Commissioners by
H. Mitchell, a suspended
surveyor in the harbor depart-
ment. The books of the depart-
ment are in a state of chaos, that
are given the rating of
"A" so they may receive
pay, that there is a waste of
on-ordination and conflict
in the department, and
an example of wastefulness.
The lunch at the harbor has
been estimated at \$100 a month.
Mitchell applied to the civil
service commission for reinstatement
and the civil service board
has been asked to suspend
him from the harbor board
until the books of the depart-
ment are in order. The
civil service commission
has been asked to suspend
Mitchell's charges of con-
flict of authority and a chaotic
state in the bookkeeping re-
cord of the department seem to
be substantiated by the testimony thus
far in the case.

WEAVER LEASE CHANGE.

Walter Weaver, retiring presi-
dent of the Chamber of Commerce,
yesterday, in a communication,
asked the harbor board to grant
extension of the Los Angeles
Harbor and Dry Dock Com-
mission for permission to
conduct a survey of the
breakwater, to permit
the company to conduct
shipbuilding at its
plant. The company has ex-
pended more than \$100,000
on its property there
and it is expected that the
company will grant the company's
request.

Harbor has been appointed
as superintendent of
the harbor, and
will be paid \$225 a month.

**COMPLAIN OF
TELEPHONE SERVICE.**

ATTORNEY GETS FILE OF
LETTERS, BUT WANTS
MORE FROM PEOPLE.

Attorney Stephens and
yesterday that he had
more than 100 letters
from people making specific
complaints against the service given by
Southern California Telephone
company. 100 letters arriving in
mail yesterday morn-
ing.

an enormous number of letters
each of these persons writ-
ing to him to take this method
of making the people for this ad-
vice in preparing my case
presented before the State
Commission on the 13th
when the rehearing of the
case will be heard.
that I can get. These let-
ters furnish me important
back up my contention that
the telephone company should im-
prove its service before it should
ask for increased rates. I
ask all who have not written to
me to send their complaints to me
as possible. This is the
opportunity to complain
and to know that these
complaints can be used to the ad-
vantage.

**RED PEPPER FOR
COLD IN CHEST**

your tight, aching chest,
the pain. Break up the con-
gestion. Feel a bad cold loosen up
in a short time.
"Red Pepper Rub" is the cold
remedy that brings quickest re-
lief. It cannot hurt you and it
helps to end the tightness
and drive the congestion and
cough right out.
It has such concentrated
heat as red peppers,
which heat penetrates right
into the cold, congested, ach-
ing muscles and sore, stiff joints
comes at once.
When you apply Red Pep-
per you feel the tingling heat.
It stimulates the congested
parts, warms them through-
out. When you are suffering
with a cold, pneumonia, back-
ache, stiff neck or sore muscles,
get a jar of Rowley's Red Pep-
per from red peppers.
It is the most effective
remedy known.—Ad.
